MUMBAI

REPORT CARD

MLA RATINGS 2026

PERIOD COVERED : WINTER SESSION 2024 TO MONSOON SESSION 2025

ABOUT PRAJA

Over the last two decades, **Praja Foundation** has been working towards enabling accountable governance. We conduct data driven research on civic issues and inform citizens, media and government administration and work with elected representatives to equip them to address inefficiencies in their work processes, bridging the information gaps and mobilising them in taking corrective measures advocating for change.

In the past we have partnered with the Mumbai Corporation to come up with its first **Citizen Charter** to revamping their Citizens' Complaint Grievances Mechanism and handholding them to run it in the initial years; we come up with **Annual White Papers** on the performances of civic, health, crime, education and housing issues in Mumbai and Delhi; since 2011 we have been coming up with an **Annual Report Cards** to rank performances of MLAs and Councillors in Mumbai and Delhi (2016-2024). We go beyond creating governance indicators by building capacities of elected representatives, officials, and citizens through governance workshops, leadership program and thematic seminars.

Praja has embarked on an ambitious journey to transform urban governance across the country, to advocate policy changes that will change the way Indian cities are governed. In 2020, Praja Foundation introduced **Urban Governance Index (UGI)**, a pioneering national study mapping the urban governance landscape across India. Following up on the breakthrough achieved by UGI, Praja is functioning as a catalyst. Praja launched **UGI 2.0** in 2024 mapping and ranking status of urban governance of 31 cities from 28 states, 2 Union Territories and the NCT of Delhi. Praja is also actively engaged in supporting municipal corporations across Maharashtra, Uttar Pradesh and Assam. It conducts workshops for Elected Representatives, providing training on Corporation Procedure Rules to enhance their understanding and effectiveness in governance. To nurture future city changemakers, Praja has also initiated the **Urban Leadership programme**, combining specialised Leadership Programmes, Urban Seminars, and an active peer network to prepare the next generation of urban leaders.

The network is being leveraged as a platform for: knowledge sharing; equipping stakeholders; mobilising stakeholders; and advocating for policy changes. In a nutshell, the project enables urban governance to transform 'smart city' into a 'smartly governed city' by influencing policy change at a structural and system level.

WHY WAS A REPORT CARD NEEDED AND WHAT DOES IT CONTAIN?

The people of India have had Elected Representatives representing them in various bodies from the parliament to the panchayat From 1951 General Election.

These representatives have deliberated, debated, questioned, proposed new laws, passed new laws and governed the nation at all levels using the mechanisms given to them by the Constitution of India. The 1950 constitution which we gave to ourselves laid out the way in which we would govern ourselves. In the last three decades we have seen a steady decline in the quality of governance due to various reasons, prime amongst them being commercialisation of politics and criminalisation of politics, which has created a huge governance deficit in our country.

The electorate has remained a silent witness for most part of this and are feeling let down and frustrated by the Government and the Elected Representatives.

The time when the citizen has a 'real' say, is during elections which happens once in five years. The elections are the only time when the elected representatives are appraised for their performance in the corresponding term by the electorate.

Looking at the growing problems of governance and the ever increasing needs of the citizens there is a need of a continuous dialogue and appraisal of the working of the elected representatives.

It is this need of continuous dialogue and appraisal that made Praja develop this Report Card.

Performance Appraisal of Elected Representatives has become the need of the hour.

This appraisal has been done keeping in mind the constitutional role and responsibility of the elected representatives.

We believe this Report Card which we publish every year will give the citizens, elected representatives, political parties and the government valuable feedback on the functioning of the elected representatives. We also hope that it will set standards and bench marks of the performance of the elected representatives not only in Mumbai but across the country.

FOREWORD

In a democratic system, Elected Representatives are entrusted with the responsibility of representing citizens, raising public concerns and deliberating on issues that affect their quality of life. As citizens' needs and challenges continue to evolve, active legislative participation through questions, discussions and interventions is essential for informed, evidence based and inclusive decision-making. Against this backdrop, this report assesses the extent to which Mumbai's MLAs have raised issues concerning the city and its citizens on the legislative floor. This Report Card assesses the performance of Members of the Legislative Assembly (MLAs) representing Mumbai during the first year of 15th Maharashtra State Legislative Assembly, covering the Winter Session 2024, Budget Session 2025 and Monsoon Session 2025; overall, for Mumbai's MLAs this is the 12th Report Card (the first one being in 2011).

First, we would like to congratulate the top three rank holders from this report card.

- Rank 1 – MLA Amin Patel (Score: 82.89%)
- Rank 2 – MLA Aslam Shaikh (Score: 80.58%)
- Rank 3 – MLA Jyoti Gaikwad (Score: 80.30)

A key trend while comparing the sessions days of a similar period from the previous term to the current; 15th Assembly (from Winter 2024 to Monsoon 2025 including a special session in 2024) met for 40 days, 14th Assembly¹ (from Winter 2019 to Monsoon 2020) met for only 22 days, the 13th Assembly (from Winter 2014 to Monsoon 2015) met for 50 days, the 12th Assembly (from Winter 2009 to Monsoon 2010) met for 47 days. Since such variations directly affect opportunities for debate, scrutiny, and public accountability, it is important that legislative assemblies meet for more days to enable greater deliberation on issues affecting the public. In similar period², in 15th Assembly, a total of 2,213 questions were raised. In comparison, 2,056 questions were raised in the 14th Assembly, 4,402 in the 13th Assembly and 7,955 in the 12th Assembly. This is not a healthy sign as number of questions have consistently decreased over time. Moreover, the report shows an ageing legislative body—the average age

of MLAs representing Mumbai has increased over time: 57 years in the 15th Assembly, 53 years in the 14th Assembly, 51 years in the 13th Assembly, and 52 years in the 12th Assembly. Nevertheless, this trend serves as a powerful indicator that the current leadership must build a bridge with the current younger generation, offering them greater opportunities to take forward the political baton and work towards fulfilling the aspirations of young India.

Moving ahead, Mumbai is at a pivotal moment in its journey, offering an opportunity to exemplify efficient governance and service delivery through collaborative efforts that are aligned with the aspirations of the younger generation. Mumbai being a global city and financial capital of the country, its democratic strength and resilience are being witnessed not only by the nation but also by the international community. This is a crucial time for Elected Representatives to prioritise key areas such as public infrastructure, efficient service delivery, and the resolution of pressing civic issues. The extent to which the aspirations of every Mumbaikar, especially the younger citizens, are realised will ultimately be shaped by the vision, foresight, and dedication of its elected leadership.

Milind Mhaske

CEO, Praja Foundation

¹ First year of all the assemblies are compared, except in case of 14th assembly, where first as well as second year data have been used for comparison due to Covid-19 period.

² For the purpose of comparing data from 12th to 15th Maharashtra State Assemblies, the following devices have been excluded: Unstarred Questions, Points of Propriety, Point of information, Points of Order, Rule 292, and Rule 293.

ACKNOWLEDGEMENTS

Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has.

– Margaret Mead

Change comes when people stand up and demand for it, and then strive to get it. Today, we are at a juncture of history where time demands that we rise and strive for changes. Individuals involved in developing this report card strongly believe that they cannot just wait and remain mute spectators when time is demanding action from them. All of them have come together to develop this report card with an over-arching belief in the Constitution of India and the opportunity it creates for improved and efficient governance – the means towards achieving high ideals of the constitution – Justice, Liberty, Equality and Fraternity.

This book is a compilation of sincere, concerned efforts of the Core Praja Team and Interns. We would like to particularly appreciate the guidance of: Dr. C R Sridhar, KMS (Titoo) Ahluwalia and Dr. Suma Chitnis. And also, to Praja's Advisors for their active support. It is also very important to acknowledge the support of Vakils who have been splendidly conducting the publishing work.

Praja has obtained much of the data used in compiling this report card through Right to Information Act, 2005; without which sourcing information on the Elected Representatives would have been very difficult. Hence, it is very important to acknowledge the RTI Act and everyone involved, especially from the civil society, in bringing such a strong legislation. Also, to those government officials who believe in the RTI Act and strive for its effective implementation. Very importantly, Praja Foundation appreciates the support given by our supporters and donors namely Rohini Nilekani Philanthropies, Tree for Life Foundation, Lal Family Foundation, Madhu Mehta Foundation and numerous other individual supporters.

The contents of this publication are published by Praja Foundation and in no way can be taken to reflect the views of the donors and sponsors.

ASSESSING THE PERFORMANCE OF MLAs OBJECTIVELY

The air in India is thick with criticism of politicians. The question that arises is: how can the performance of our elected representatives be assessed objectively? Surely the right way cannot be by asking them for their opinion of themselves. Nor is it adequate to get a few political pundits (who may have their own angles) to evaluate them.

The only way such an assessment can be done in a manner that is, and is seen to be, unbiased and credible, is through a systematic and transparent study undertaken independently by respected professionals. That is precisely what the Praja Report Card seeks to accomplish.

The ratings of the MLAs are based on:

Data accessed through RTI on attendance in Assembly sessions, number and type of questions raised, use of discretionary funds, registered criminal cases etc.

We believe the Report Card is an important step forward in promoting accountability and transparency in the political governance of the country.

K.M.S. (TITOO) AHLUWALIA, Formerly Chairman &
CEO of A.C. Nielsen ORG-MARG

PROFILES AND PERFORMANCE OF MLAs

The report card considers time period from Winter Session 2024 to Monsoon Session 2025. A total of 33 MLAs out of the 36 representing Mumbai are evaluated in this report card who attended at least two out of the three sessions. This report card does not evaluate three MLAs, one who serves as the Speaker of the Assembly and two who are Ministers in the State Cabinet. Education, profession, birth date, constituency details and bio-sketch of MLAs have been taken from the affidavit submitted during the election, information provided by the MLAs and Maharashtra Assembly Members Bio-Sketch book.

To understand the ranking details and marking scale, please refer to the Methodology section.

Rahul Suresh Narwekar

(Hon'ble Speaker of the Maharashtra Legislative Assembly)

LIST OF DEVICES CONSIDERED IN REPORT CARD 2026

Sr. No.	Name of Devices	आयुधे	Rule No.	Details of Device & Which Kind of Issues
1	Starred Question	तारकित प्रश्न	72(1)	Question seeking information on a matter of public concern for an oral answer; supplementary questions may follow.
2	Unstarred Question	अतारकित प्रश्न	72(2)	Question seeking information for a written answer; no oral supplementary questions in Question Hour.
3	Short Notice Question	अल्पसूचना प्रश्न	86	Question on a matter of urgent public importance for an immediate answer, subject to admission and Minister's willingness.
4	Half-an-Hour Discussion	अर्धा तास चर्चा	94	Discussion on a matter of sufficient public importance, including matters arising from answers to questions.
5	Calling Attention	लक्षवेधी सूचना	105	Calling the attention of a Minister to a matter of urgent public importance; Minister makes a statement and limited clarification may follow.
6	Adjournment Motion	कामकाज तहकूब करण्याचा प्रस्ताव	97	Proposal to suspend normal business to discuss a definite matter of urgent public importance.
7	Non-official Bill / Private Member's Bill	अशासकीय विधेयक	111	A Bill introduced by any member who is not a Minister. It enables an MLA to place before the Assembly a legislative proposal concerning a matter within the legislative competence of the State. It may seek to enact a new law, amend an existing law or repeal/modify an existing provision. Non-official Bills are lapsed after one year period and new motion is required to be moved in this regard.
8	Resolutions/ Non Official Resolutions	ऱराव	110/106	Formal proposal seeking a decision or expression of opinion of the Assembly.

Note: The device column in the given table briefly describes the mentioned devices, for greater and exact legal explanation, kindly refer the Maharashtra Legislative Assembly rule book <https://mls.org.in/pdf/VdnMadISmitya/rules-assembly/12th-edition-english.pdf>

Sr. No.	Name of Devices	आयुधे	Rule No.	Details of Device & Which Kind of Issues
9	Point of Propriety	औचित्याचे मुद्दे	Parliamentary practice/ Speaker's permission	Any member raises an issue concerning the propriety, correctness or appropriateness of the proceedings or conduct of business in the House, or seeks the Chair's intervention on an immediate matter.
10	Point of Order	हरकतीचा मुद्दा	50	Any member can raise point of order with speaker's permission but they must stick to the ongoing subject.
11	Information Point / Point of Information	माहितीचा मुद्दा	Parliamentary practice/ Speaker's permission	Used in proceedings to raise an immediate matter or seek information; it is not separately classified as a question type in Part VI.
12	Motion on a day in the last week of the Session	अधिवेशनाच्या शेवटच्या आढवड्यातील चर्चेचा प्रस्ताव	292	Speaker, in consultation with the Leader of the House, may allot a day in the last week of the Session for discussion on a matter of sufficient public importance. Any member wishing to raise the discussion has to give written notice.
13	Discussion on a matter of general public interest	सर्वसाधारण सार्वजनिक हिताच्या विषयावर चर्चा	293	No discussion on a matter of general public interest can take place unless it is raised through a motion with the permission of the Speaker, except where the Constitution or Assembly Rules provide otherwise

Note: The device column in the given table briefly describes the mentioned devices, for greater and exact legal explanation, kindly refer the Maharashtra Legislative Assembly rule book <https://mls.org.in/pdf/VdnMadISmitya/rules-assembly/12th-edition-english.pdf>

MAP GRADING: ASSEMBLY CONSTITUENCY

THE METHODOLOGY

1. The Matrix – Scale of Ranking

The Matrix for measuring the functioning of the MLAs has been designed by Praja with inputs from experts with sectoral knowledge in governance, political science, market research, and media.

In order to design the research framework and get the desired output, it was important to answer the following two questions:

- a. On what parameters should the performance of MLAs be evaluated?
- b. How should the research be designed in order to represent areas of each MLA and collect the appropriate data?

For the first question, the Indian democracy functions on rules and structures laid down in the Constitution of India, adopted on 26th November, 1949. The Constitution has been amended on numerous occasions. Subsequent legislatures passed and adopted various acts to strengthen the functioning of the Union Government, State Governments and Local Governments. All these acts/legislations with their base in the Constitution, give our Elected Representatives necessary powers for functioning. They have built the necessary checks and balances; and serve as the source of the terms of reference for the elected representatives on all aspects of their conduct as the people's representatives. Hence, the first parameter for evaluating the performance of MLAs is solely based on the mechanisms, instruments, duties and responsibilities as laid down in the Constitution of India.

However, the Constitution itself derives its power from the free will of the citizens as the document states that it has been adopted, enacted and given to themselves by the people. The second question is answered by the citizens themselves, through their constitutional right to vote. Voting every five years for the candidates (MLAs) who they feel are the right fit to represent them, is a way for citizens to make their perception known.

The next few pages will elaborate on the study design and details of how the study is conducted to evaluate the performance of MLAs in Mumbai; but before we get into details, it is important to understand the sources of data and its convergence in the ranking matrix.

The following information was required to evaluate the performance of each MLA in the city:

1. Some of the tangible parameters, like an elected MLAs' attendance in the assembly, the number of questions (issues) they have raised in the house, importance of those questions and utilisation of funds allotted to them.
2. Some parameters on their background such as educational qualification, income tax records & criminal records (if any).

Once the areas of evaluation were finalised, it was important to decide upon the source which would best provide the required information. The Right to Information (RTI) Act, 2005 was identified as the best source to gain information on such tangible facts about the Elected Representatives.

The data used for these parameters has been collected from government sources:

- a. Election Commission of India's Website and Maharashtra Legislative Secretariat Website.
- b. Under the Right to Information Act from Maharashtra Vidhan Bhavan.
- c. Under Right to Information Act from Mumbai City and Suburban Collector Offices.
- d. Under Right to Information Act from Mumbai Police.

It is very important to understand here that the matrix is objectively designed without an influence from political parties of the representatives or to any personal/political ideology.

Criminalisation of politics has been growing since the independence and is a phenomenon which if not checked now, can destroy the democratic foundations of our nation. Hence, personal criminal record related parameters pertaining to the elected representative are taken into consideration, such as: FIR cases registered against them as stated in the election affidavit; new FIR cases registered against them after being elected in the current term; and pending charge sheet.

Scale of Ranking			
Sr. No.	Indicator	Max marks	Comments
1	Present		
A	Sessions Attended (*)	17	Based on percentage of attendance. 1) 100% to 91% - 17 marks; 2) 90% to 76% - 14 marks; 3) 75% to 61% - 10 marks; 4) 60% to 51% - 7 marks; and 5) below 50% - 0 mark.
B	Number of Questions Asked	28	Against Group Percentage Rank. 28 being the top most percentile and so on to the lowest.
C	Importance of Questions Asked (Quality of Questions)	37	Issues are given certain weightages depending on the importance of the issue as per the seventh schedule of the Constitution of India. Further weighted by the score for number of questions asked.
D	Total Local Area Development Funds Utilised during (November 2024 to March 2026)	5	The calculation for this report card is done as per the sanctioned fund of Rs. 6.8 crores as per the GRs approved for the respective financial years from November 2024 to March 2026. Utilisation of fund: (1) 100% to 91% - 5 marks; (2) 90% to 76% - 4 marks; (3) 75% to 61% - 3 marks; (4) 60% to 51% - 2 marks; and (5) below 50% - 0 mark.
Total (1)		87	
2	Past		
A	Education Qualification	1	A minimum of 10th Pass - 1 mark; if not - 0 mark
B	Income Tax	2	(1) Possessing PAN Card - 1 mark (2) Disclosing Income in Affidavit - 1 mark
C	Criminal Record	10	If the candidate has zero cases registered against them, then 10 marks; else as below: (1) Criminal Cases Registered containing the following charges: Murder, Rape, Molestation, Riot, Extortion - 0 mark (2) Other criminal cases than the above mentioned - 7 marks
Total (2)		13	
Total (1+2)		100	
3	Negative marking for new criminal cases registered during the year	-5	For any new FIR registered by Mumbai Police during the year.
4	Negative marking for Charge sheet	-5	For any charge sheet in a criminal case.
5	Negative marking for no annual pro-active disclosures by the elected representatives of Assets and Liabilities and Criminal record	-5	This can be done on own website, newspaper, Praja Website or any other source which should be announced publicly. Also marks would be cut for wrong disclosures in the above mentioned forums. (**)

- (*) Sessions taken into account for this report card are Special Session 2024, Winter Session 2024, Budget Session 2025 and Monsoon Session 2025.
- (**) This negative parameter on proactive disclosures has not been applied. But as one of the primary purpose of the Report Card is to promote transparency amongst elected representatives, it is imperative that they proactively provide personal information on their personal annual economic status and to emphasise their probity in public life, they should share every year their updated criminal record.

2. Parameters for the Past Records as per Affidavit

Parameters for the Past Records are based on information in election affidavit that includes educational, criminal and financial records of MLAs. Total 13 out of 100 marks are allocated for this parameter.

a. Education

If the elected representative has declared education qualification as 10th pass or higher in there affidavit then one mark is allocated, else zero mark is given. As a developing 21st century country, basic academic education is an important criterion for human development. Even for the lowest clerical jobs in the government office, a minimum educational level is required. Going by the same logic, it is prudent that a similar yardstick be applied to our elected representatives. However, we also believe that the educational parameter should be given a minimal weightage in the overall scheme vis-a-vis other parameters, that are more crucial for judging the performance of the elected representatives.

b. Income Tax

It is widely published and believed in India that annual income levels and wealth of those who are elected see a manifold increase in the few years when they represent. On this parameter, marks are allocated only for declaring returns (one mark) and for possessing a PAN card (one mark), as per the affidavit.

c. Criminal Record

Criminalisation of politics is a disturbing reality. A significant number of elected representatives have a criminal record i.e. 1) they have FIRs registered against them; 2) charge sheets filled; and 3) being convicted in the court of law.

There is no excuse for not having moral probity in public life. It is the right of the citizens to have people representing them with no criminal records. Hence the scheme of ranking has taken into account marks for people with clean records:

- i. Those with absolutely no criminal cases registered are given 10 marks.
- ii. Those with FIRs registered against them with cases containing charges like murder, rape, molestation, riot and extortion are given zero mark.
- iii. Those with other FIRs registered against them other than those mentioned in no. ii above, are given seven marks.

Negative markings are explained below in point number four.

Kindly note that allocating scores for each individual case would have been complex, instead scoring for cases after them being categorised as above seemed more logical. Hence, number of individual cases is not that important but the category of case needed for the scoring.

3. Parameters for Present Performance in the State Legislature

In an indirect, representative democracy like India, citizens elect their representatives so that they can represent them in the houses of legislation and deliberate on issues related to the citizens and form needed legislations under the guidelines of and using the mechanisms of the Constitution. Thus it is very clear that the weightages in the performance scale have to be more biased to these functions of the elected representatives i.e. of **Deliberation**.

a. Session Attendance

The mandate given by citizens to the representatives is to attend the business of the respective legislative houses. It is hence prudent that the representatives attend 100% or near to 100% sessions of their respective houses. Hence marks are given against their percentage of attendance: 1) 100% to 91% - 17; 2) 90% to 76% - 14; 3) 75% to 61% - 10; 4) 60% to 51% - 7; and 5) below 50% - 0.

b. Number of Questions Asked

There cannot be really a set benchmark for the right number of questions or issues that have to be asked by a representative. However, given the range and complexity of issues that our country is facing, it is necessary for the representative to raise as many issues as they can, which are necessary for the citizens. Hence to encourage the representatives to ask a maximum number of questions the scale uses the percentile system for scoring.

Devices used for asking 'Questions' that have been considered in the marking:

- **Starred Question**
- **Calling attention to matters of urgent public importance**
- **Half an hour discussion**
- **Motion of adjournment for purpose of debates**
- **Non Officials Bills (Private Member Bill)**
- **Resolutions/Non-Official Resolutions**
- **Short Notice Question**
- **Unstarred Question**
- **Rule 292- Motion on a day in the last week of the session**
- **Rule 293- Discussion on matter of interest**
- **Point of Order**
- **Point of Information**
- **Point of Propriety**

The marking for this section is out of a maximum 28 marks that the representative can get for being the person with the maximum number of questions asked. The marking here is done against Group Percentage Rank. 28 being the top most percentile and so on to the lowest.

c. Importance of Questions Asked (Quality of Questions)

It is not just the number of questions that are asked but also the quality of questions that are asked. The system for weightages here is designed as below:

Step 1:

Issues are given certain weightages depending on the importance of the issue being prime functions of the State Legislature or of the Local Governments or the Union Government as per the seventh schedule of the Constitution of India. As explained ahead in weightages to issues raised in the questions.

Weightage to Issues Raised in the questions			
Classification	Issues	Weightages	Total
Social Infrastructure	Civic (civic amenities such as roads, sewage, etc.)	5	33
	Community Welfare	5	
	Crime	8	
	Education	5	
	Health	5	
Physical Infrastructure	Social cultural concerns	5	20
	Energy	7	
	Transport	5	
	Forest/Environment	8	
Economic Infrastructure	Financial Institutions	3	9
	Industries	6	

Weightage to Issues Raised in the questions			
Classification	Issues	Weightages	Total
Governance/Policy Making	Revenue	7	20
	Corruption & Scams	7	
	Schemes / Policies	6	
Agriculture/ Food Infrastructure	Irrigation	7	18
	Agriculture	6	
	Animal Husbandry	5	
Total			100

Step 2:

Questions asked are categorised and the following formula is applied to determine importance of the questions asked. The categorisation is done as per seventh schedule.

I - Issue; Q - Question; T - Total; C - Category; M - Marks as per categorisation

$$\begin{aligned}
 (I1 * Q1) + (I1 * Q1) + \dots + (Inth * Qnth) &= T1; & (I2 * Q2) + (I2 * Q2) + \dots + (Inth * Qnth) &= T2 \\
 (I3 * Q3) + (I3 * Q3) + \dots + (Inth * Qnth) &= T3; \\
 T1 + T2 + T3 &= Tx; \\
 Tx / TQ &= M
 \end{aligned}$$

The score in step 2 (M) is further weighted by score for Number of Question Asked (Point b).

Illustration for marking Importance of Questions Asked

If an MLA has asked a total of 5 questions: 1 related to civic, 3 question related to crime and 1 related to financial institutions; then the marking will be as below:

	Weightages	No. of questions asked	Calculation of Quality of questions
Civic	5	1	5*1=5
Crime	8	3	8*3=24
Fin. Ins.	3	1	3*1=3
Total		5	32

32/5 = 6.4 (Hence 'M' is 6.4)

Assuming the score for number of questions asked is 4 out of 28.

∴ (((((6.4/37)×100)+((4/28)×100))/2)×37)/100=5.8 out of maximum 37. So the MLA gets 5.8 Marks.

d. Total Local Area Development Funds Utilised during November 2024 to March 2026

MLAs get a Local Area Development Fund during their tenure. This fund they can utilise as per their discretion on certain specified development work in their constituencies. It is necessary that the funds are utilised in a planned phased manner to achieve optimal results. The candidate has to ensure that the fund utilisation is planned across their tenure and not entirely towards the end of the tenure.

Hence, the calculation for this report card is done as per the sanctioned fund of Rs. 6.8 crores as per the GRs approved for the respective financial years from November 2024 to March 2026.

- (1) 100% – 91% utilised - 5 marks;
- (2) 90% – 76% utilised - 4 marks;
- (3) 75% – 61% utilised - 3 marks;
- (4) 60% – 51% utilised - 2 marks; and
- (5) below 50% utilised - 0 mark.

4. Parameters for Negative Marking

Negative marking for new FIR cases registered

If there has been a new FIR registered against the elected representative after their election then this happens to be a matter of concern; and hence out of the marks earned by the representative, five marks would be deducted.

Do note that the process of allocating marks does not take into account number of new criminal FIR cases, but simply takes into account even a single occurrence for allocating marks based on the severity of the crime.

Kindly note that criminal cases registered with Mumbai Police are considered for new FIR within this parameter.

Negative marking for Charge Sheet registered

A charge sheet signifies prima facie evidence in the case. This is again a serious concern for moral probity of the representative. Hence out of the marks earned by the representative, five marks would be deducted.

Do note that in the process of allocating marks does not take into account number of criminal charge sheets, but simply takes into account even a single occurrence for allocating marks based on the severity of the crime.

Negative marking for no annual pro-active disclosures by the elected representatives of Assets and Liabilities and Criminal record

As per the election commission norms the candidates standing for elections have to file an affidavit detailing amongst other things, their own asset and liabilities and criminal records. Sometimes the candidate who gets elected does not share the assets, liabilities and criminal record with their constituency or the Election Commission unless they contest for re-election or for new election from a different constituency. However given the need of the time, we feel that it is necessary that the elected representatives proactively make their assets and liabilities (income status) and criminal records available to their constituencies at the end of every financial year when they are representing. This can be done through Newspapers or other Public Medias or through their own Websites or through Praja Website. This will bring larger transparency.

THE FOUR LION TORCH

The four lions of the Ashoka Pillar, symbolising power, courage, pride and confidence are the ethos behind the Indian Republic as embedded in our Constitution. We salute the top 3 ranking MLAs of Mumbai as torch bearers of this idea. They have topped the list by an objective ranking system as explained earlier in this report card, performing more efficiently relative to their peers. Jai Hind.

Trophy 1 – The Best Elected Representative as per Praja Matrix of Ranking Performance of MLAs.

Trophy 2 – The Second Best Elected Representative as per Praja Matrix of Ranking Performance of MLAs.

Trophy 3 – The Third Best Elected Representative as per Praja Matrix of Ranking Performance of MLAs.

THE CONSTITUTION OF INDIA

**WE, THE PEOPLE OF INDIA,
HAVING SOLEMNLY RESOLVED TO
CONSTITUTE INDIA INTO A
SOVEREIGN SOCIALIST SECULAR
DEMOCRATIC REPUBLIC AND
TO SECURE TO ALL ITS CITIZENS:
JUSTICE, SOCIAL, ECONOMIC AND
POLITICAL;**

**LIBERTY OF THOUGHT, EXPRESSION,
BELIEF, FAITH AND WORSHIP;**

**EQUALITY OF STATUS AND OF
OPPORTUNITY; AND TO PROMOTE
AMONG THEM ALL**

**FRATERNITY ASSURING THE DIGNITY
OF THE INDIVIDUAL AND THE UNITY
AND INTEGRITY OF THE NATION.**
