OVERVIEW

Over the years, India has established itself as the most extensive and diverse democracy worldwide. When we give ourselves this title, we must shoulder the responsibilities that come along with it. Democracy, as we know, is a two-way street. While the authorities and administration have certain obligations, an active citizenry is responsible for holding them accountable. Our responsibilities as citizens begin, and not end, at the polling booth. However, over the years, citizens have become reluctant to participate in the democratic process. Thus, there is a dire need to revive this involvement and celebrate the true essence of democracy in the *Azadi Ka Amrit Mahotsav* which empowers citizens and encourages them to participate in the process by becoming informed, aware and equipped.

According to research, India has more than 50% of its population below the age of 25 and more than 65% below the age of 35. Moreover, around 62.5% of India's working age population is aged between 15 and 59 years. Thus, a large number of the young population offers both a workforce as well as a market. Further, young people are driving a culture of innovation, entrepreneurship and diversity. Efforts to lend a voice to the youth, bringing in their diverse views on development along with the spirit of innovation and enterprise, will facilitate them to contribute to the country's journey towards achieving the Sustainable Development Goals.

Praja, in collaboration with the Inclusive Cities Centre of the National Institute of Urban Affairs (NIUA), introduces Prajatantra 2022-23, a program that lays out a platform for the youth to advocate what they believe in. Through debates and discussions, we plan on facilitating the youth's mind towards city governance. To create a new success story in city development, it is essential to understand the workings of our urban institutions and how it can be improved. Praja and NIUA, through Prajatantra, brings to the youth of India a celebration of city governance in the 75th Independence year in Azadi Ka Amrit Mahotsav.

BACKGROUND

Praja has successfully organised three Prajatantra festivals- two in Mumbai in February 2019 and January 2020 respectively, and one at the National level in 2021. We were able to engage 350 youth in 2019, and 450 in 2020.

Prajatantra 2021 event truly represented the entire country's youth. 65 colleges based in 21 Indian states, 3 Union Territories and 30 different cities including metropolises as well as emerging towns registered for the event. Prajatantra 2021 resulted in over 90,000 working hours, 150+ zoom meetings as well as 150+ workforce along with 60+ Judges and 400 youth participating in the competition. Praja had reached out to 2,350 youth directly, and 11,750 indirectly.

Through this event, students/youths got introduced to different governmental processes and procedures by performing different activities such as forming a political party, drafting its manifesto, defending the manifesto, carrying out rallies, poster-making competition, editorial writing, quiz contest and treasure hunt.

PRAJATANTRA 2022-23

Prajatantra 2022-23 brings to you a National Youth Festival which will open the doors to participants from all parts of India to expose them to a whole new capacity of opinions, beliefs and understanding, of city governance. Prajatantra will facilitate the youth to participate in a big number across India. Prajatantra 2022-23 will be an online and offline and there will be several engaging activities for the youths in the event.

OBJECTIVES

- **To mobilise young leaders across India to participate in a festival on democracy and help them to understand the importance of democracy & functioning of a democratic government.**
- **To empower the students to participate in governance by providing knowledge and perspective.**

THEME

Model City Government

“Are you interested in running your city government?”

Prajatantra is providing a platform for the youths of India to form and function the Model city government. The sole intention of doing it for the youths is to make them understand how the city governance functions. In this regard, the participants will form and function as the model of city government with the mayor, committee chairpersons and different committees important for cities' policymaking.

We encourage participating teams to share their Team (Political Party) Name and also design their Party logo ahead of the event. The name and logo should not be from any existing political party and should not be plagiarized.

1. MAYOR SPEECH

The mayor is the first citizen of the city. The mayor is the presiding officer of the city corporation comprising of the urban local government Elected Representatives. The mayor is either directly elected by the citizens or is indirectly elected by the councillors, depending upon the appropriate state legislations.

In most Indian states mayors are elected indirectly among the councillors (who are directly elected by the people of their respective wards of Municipal Corporation) except in nine states: Bihar, Chhattisgarh, Haryana, Jharkhand, Madhya Pradesh, Odisha, Uttar Pradesh, Telangana and Uttarakhand, where mayors are elected directly by the public.

In this competition, we expect the teams to present the speech delivered by the mayor in the first session of the corporation after the fresh election is concluded. In such a session, the mayor presents the policy framework of the Political Party in the majority for their upcoming term in office, highlighting prominent decisions, key changes in the structure of administration, et cetera. This competition's primary objective is to enhance the participants' leadership skills, enabling them to explore the third tier of the governance mechanism in India and give vision for your own city.

1.1 OBJECTIVES

1. Prajatantra focuses on enhancing the leadership skills of the participants enabling them to explore the third tier of the governance mechanism in India.
2. By role playing the mayor of the city, an individual will get an opportunity to get a hands-on experience of conducting city corporation meetings with that they will get to know how the city functions and the types of initiatives taken by the government for the betterment of the cities.

As per the competition, It is expected that the candidate should present precisely his/her vision as mayor of the city including the main goal of the government for the betterment of the city. Candidates should highlight preparedness for city policy, good governance and a futuristic view.

1.2 RULES

- Each group may amongst themselves decide the suitable person to act as the Mayor of the City and present the Mayoral speech.
- The speech can be presented both in English or Hindi as per the convenience of the orator.
- The minimum time limit for the speech shall be 3 minutes with maximum extending up to 5 minutes.
- Going beyond the mentioned time limit can impact your assessment by the Judges.
- The participant is expected to refrain from using unparliamentary language. The orator (not the team) will stand disqualified for using derogatory and defamatory speech.
- There is a strict restriction to mention any Political Party in your speech. The orator should refrain from using Political Parties as an example for their policy decisions or ideological leaning.
- Each team is expected to honour the orator delivering the Mayoral speech. Every team or team member/s should avoid interrupting the speech in any form by wilful negligence.
- The orator will be judged on the criteria of the content of the speech, originality and knowledge of the topic in focus, fluency in speech delivery and adherence to the said rules including the time limit.
- The competition will comprise of three rounds, namely quarter-final, semi-final and grand finale. In the grand finale of Mayor Speech, the finalists will present their speech in front of sitting Mayors from different cities across India in person. There will be a Municipal Secretary (MS) in the activity to keep the time limit and moderate the activity. Winners of the Mayor Speech Competition will be awarded based on their individual performance.

2. POLICY PRESENTATION ON CITY

Policy Presentation is a significant competition of Prajatantra- 2022-23. Policies are the essence of governance. Herein, participants are required to formulate the policies on two material dimensions of present-day governance: Municipal Finance and E-governance & citizen participation. Policy presentation will be a platform for participants to present their vision with respect to resolving key issues of urban governance through the given means. It aims to build conceptual knowledge among the participants with respect to the policy making at the city level. Apart from this, it aims to make participants aware about the issues of urban governance and wants to widen the horizons of the participants to look at these issues more holistically.

2.1 OBJECTIVES

1. To make participants understand the legislative process of the municipal government.
2. To make participants understand the allocation of financial and digital resources.
3. To make participants think of innovative means of citizen participation in governance.
4. To develop the holistic thinking ability among the participants.
5. To impart a realistic vision of the working of city government among the participants.

In Municipal Corporation, discussion on key civic issues generally takes place in General Body Meeting (GBM) or House Meeting where Mayor acts as a chairperson. But, all the key issues cannot be discussed thoroughly in the GBM/ House Meeting/ Corporation Meeting. Therefore, various committees are constituted for the deliberate discussion on the issues of urban importance and to provide assistance and support with respect to key issues of governance. For Instance, Municipal Corporation constitutes Standing Committee/ Finance Committee wherein all the financial matters get resolved. Then, there is Public Health Committee to discuss deliberately on health sector issues and so on. Each of these committees are headed by a Committee Chairperson who gets elected from amongst the members of municipal councillors. The chairperson plays an active role in conducting the meetings of these committees. He/ She is the guiding force behind the working of a committee. This competition will provide a platform to act as a chairperson of the municipal committees and present policy briefs on the given topics.

In the present scenario, finance allocation, e-governance and citizen participation sector have gained much importance and formulating comprehensive policies for the city on these sectors is the need of an hour. Therefore, these two sectors have been chosen for the policy presentation competitions of Prajatantra 2022-23. In the policy Presentation competition, the committees' chairperson of Standing Committee and E-governance Committee from each team will make a presentation with respect to their particular policy. Guidelines for making a policy are given below.

2.2 BROAD GUIDELINES FOR POLICY PRESENTATION:

While preparing for the competition keep the following in minds.

1) Municipal Finance

- Urban governance and Finance – Structure of Urban governance and related Finance
- City level Budget / Operating Budget
- Municipal Expenditure – managing local expenditure
- Managing Local Revenue – Generating own sources of revenue
- Financial autonomy
- Capital Asset Management
- Long-Term Financial Planning for city development – Vision of City
- Accounting, Auditing, and Financial Reporting
- Internal Control and Risk Management
- Achieving greater transparency and accountability: Paving a path for reforms.

2) E-governance and citizen participation

- Digital literacy and empowerment

- Participants can refine their presentation for the next level if they wish to.
- 2 questions will be asked to the participants after their presentation by the judges/ audience.

3. DEBATE COMPETITION

A debate is a formal discussion carried out systematically mostly on public issues, related to current events, socially, culturally, politically, and economically relevant topics. It provides the scope and platform to engage and deliberate on the weaknesses and strengths of the topic, followed by a critical analysis of the performance of the participant. Prajatantra debate competition aims to dwell on the aspects of urban governance and policies.

In India, debates and discussions play an extremely important role in governance. This is because, debates lead to constructive criticisms and discover pros and cons of various decisions taken by the government at city, national as well as international level. Debates also enable the citizens to reach a conclusion wisely.

3.1 OBJECTIVES

- The primary goal of a debate is for students to generate effective critical thinking on primary issues related to urban governance and policies.
- Engage youth with the topic via a research and solution-oriented approach, comparing both pros and cons of the assigned topic.
- Provide a platform for participants to enact as municipal councillors in the house of city government.

3.2 TOPIC: TOPICS WILL BE GIVEN ON 6TH AUGUST 2022 IN THE BOOT CAMP

3.3 INSTRUCTIONS FOR PARTICIPANT

1. Each team will present on one topic which will be assigned to them by Praja. The team has to play affirmative role (lay down the pros of the topic) and the other teams will have to note all role "cons" of the topic (play the role of opposition in the house).
2. Each team will be allotted 5 minutes to present. Opposition (All other teams) will have to note down points from the presentation and then note down all questions or points from the opposition.
3. Before each debate, the team will choose one speaker who will present his/her ideas and opinions on the topic.
4. Teams in opposition will have to note all points and they will get a chance to raise their question at the end of all presentations.
5. The opposition team will ask questions and the presenter should answer them. Asking and answering questions should take 3 minutes. The questions will be taken from the opposition team on a first come first serve basis.
6. In this debate competition the opposition plays an important role in healthy and strong democracy hence at the end the policy presented by the teams, they will be judged based on the vote they will get at the end by all the opposition teams.

4. QUIZ RELATED TO URBAN GOVERNANCE

A quiz is a game which can also be called a mind sport wherein the players, either as individuals or in teams attempt to answer questions posed to them correctly. It tests not only how much knowledge a person has gathered, but how quickly one can recall the knowledge acquired through a series of questions in the limited time frame.

Quiz competitions enable students to think from different viewpoints or simply 'to think out of the box and promote a healthy debate amongst participants in order to learn from each other. It is a fun and competitive way of testing and amplifying the learning experience.

Prajantra, through the quiz competition on the theme of Urban Governance, wishes to test students' knowledge and skills to understand and recall the various aspects of the theme. In India, which is the biggest democracy in the world, governance plays a huge role. Having the second largest population among all countries in the world, India is vast and diverse in nature. This in turn has enabled the urban local governance of the various geographies in the country to be vastly different. Understanding the various facets of urban governance will enable young minds to become thought leaders of tomorrow and be able to bring about sustainable and meaningful change in the society. The quiz organized by Praja for Prajantra is a step towards that.

4.1 OBJECTIVES

- To judge the knowledge of student through quiz and understanding of Urban Governance issue
- To stimulate the political and constitutional knowledge of the participants through quiz.

4.2 THEMES FOR THE QUIZ COMPETITION

- Urban Governance
- Municipal Finance
- Citizen Participation
- E-governance
- Climate change
- Constitution

All the questions of the quiz competition will be prepared on the above themes.

Platform: Online for Quarter and Semi Final and physically in Delhi for Grand Finale

4.3 RULES

- Use of decent language.
- Be specific to the topic and adhere to the time limit.

5. OP-ED COMPETITION FOR PRAJATANTRA

Op-eds are one of the most powerful tools in communications today. Generally, an Op-ed is a document that is written to reflect the opinion of an individual or group. It is a type of letter which is written to an editor on a particular topic. In this type of letter, while explaining the importance of that topic, its seriousness is better explained through logic and examples, which can attract the attention of the reader.

While the art of writing is slowly losing its charm for youngsters as consumption of content has been taken over by video, Prajatantra team wishes to celebrate the skill and talent that is required to create a beautifully researched article.

5.1 OBJECTIVE

Prajatantra's Op-ed competition will give participants an opportunity to make an informative Op-ed, based on research, on various pre-decided topics. This competition will help participants to enhance their cognitive, educational and communication skills which will enable them, in future, to pen their thoughts with clarity.

5.2 TOPICS WILL BE GIVEN ON 6TH AUGUST 2022 IN THE BOOT CAMP

5.3 INSTRUCTION

While writing the article, keep all the parameters in mind.
