ı. Foreword

The Municipal Corporation of Greater Mumbai, (MCGM), responsible for providing civic services to Mumbai's approximately 1.24 crore citizens, has seemingly turned a deaf ear towards its own citizen's complaints. Citizens are becoming more and more unhappy with the MCGM; Complaints have shown a meteoric rise of 49% from 2015 to 2017. And yet, the average number of days taken to resolve these complaints has gone up from 15 days in 2015 to a shocking 48 days in 2017.

To its credit, the MCGM closed 83% of the complaints it received in 2017, up from a meagre 58% in 2016. There still does not exist a mechanism, however, in which the citizens' satisfaction with the resolution of the complaint can be gauged. To get an idea about this aspect, a complaint audit—by means of a survey of citizens whose complaints were resolved—can be an effective mechanism. Alternatively, a standard 5-choice question can be asked from the citizens once their complaint is resolved/closed.

Additionally, 17% of complaints were escalated to the higher authority. Once escalated, approximately 96% of the complaints reached the civic chief (Municipal Commissioner). Considering that there are three levels (Chief Engineer/Assistant Municipal Commissioner, Deputy Municipal Commissioner and Additional Municipal Commissioner) between the initial level and the Municipal Commissioner, the number of complaints getting escalated to the chief is discouraging.

The primary role of the elected representatives is deliberative (take part in discussions, ask questions and overlook the working of the executive), and it is the duty and responsibility of the executive to answer the councillors. Praja has been tracking the average time taken for the executive to answer the point of order questions. We are happy to note that the average number of days taken to answer a Point of Order question has consistently decreased from 328 days in 2013 to 43 days in 2017.

We are also happy that the current Elected Representatives (ERs) are faring better in their participation in deliberations in the ward committees. The batch of 2017 asked 856 questions between Mar-Dec '17 compared to 679 questions between Mar-Dec '12 asked by the batch of 2012.

However, 38 Municipal Councillors have not asked a single question till now, this is really disappointing because the primary role of the municipal councillors is deliberation. They are completely failing in their responsibility by not deliberating in the ward committees.

With big projects being sanctioned and rapid development under way, Mumbai is gasping for a breath of fresh air, and its health is progressively becoming worse year-on-year. The highest monthly average Air Quality Index has consistently become worse from 134 in December 2015 to 170 in January 2016 to 186 in January 2017.

In a first, Praja Foundation has obtained data on Public Toilets (Pay & Use) under the MCGM. Under the Swacch Bharat Mission, the city of Greater Mumbai has been declared Open Defecation Free (ODF). However, it seems that our civic body is giving more priority to men over women. There is a glaring disparity of 64% when it comes to comparing the number of male and female toilet seats in public toilets.

This is shocking since it is women that are in dire need of support in terms of sanitation infrastructure. 'C' ward, which is historically known to have a floating (migratory) population has a shocking disparity of 85%.

Dismal numbers such as these in a mega city like Mumbai are disheartening, and the MCGM should make a concerted effort to correct this disparity.

As always it is our endeavour through our White Paper to highlight the issues that concern the citizens. Our approach is to report the realities and engage with our ER's and Government to bring about the change and improvements required, which will be beneficial to the citizens and the city.

NITAI MEHTA Founder Trustee, Praja Foundation

II. Acknowledgement

Praja has obtained the data used in compiling this white paper through Right to Information Act, 2005. Hence it is very important to acknowledge the RTI Act and everyone involved, especially the officials who have provided us this information diligently.

We would like to appreciate our stakeholders; particularly, our Elected Representatives & government officials, the Civil Society Organizations (CSOs) and the journalists who utilize and publicize our data and, by doing so, ensure that awareness regarding various issues that we discuss is distributed to a wide-ranging population. We would like to take this opportunity to specifically extend our gratitude to all government officials for their continuous cooperation and support.

Praja Foundation appreciates the support given by our supporters and donors, namely European Union Fund, Friedrich Naumann Foundation, Ford Foundation, Dasra, Narotam Sekhsaria Foundation and Madhu Mehta Foundation and numerous other individual supporters. Their support has made it possible for us to conduct our study & publish this white paper.

We would also like to thank our group of Advisors & Trustees and lastly but not the least, we would like to acknowledge the contributions of all members of Praja's team, who worked to make this white paper a reality.

Note: The contents of this publication are published by Praja Foundation and in no way can be taken to reflect the views of the European Union and other donors and sponsors.

Section I. Analysis of Political Party Manifestos

When political parties make certain promises in election manifestos, it is expected that they would have put some thought into those issues in the years leading up to the election. If parties made an effort to raise these issues in the period before the elections, then it indicates a sincerity towards the causes they espouse. It also indicates a coherent thinking process of the parties.

The most objective way of analysing this is by comparing the promises in the manifestos with the questions asked by the councillors in the corporation and its various committees. For this, we collated all the promises made by major political parties in their manifestos and divided them into several broad categories. Not all parties have necessarily asked questions related to all of these categories. Within these categories, we have compared specific issues raised by the parties in their manifestos with questions raised by them in the preceding years. Thus, we have restricted our analysis to these sub-issues rather than focusing on broader issues.

In our analysis we have compared Issues in Political Party Manifestos for 2017 MCGM elections and Questions asked by respective Party Councillors during March 2017 to December 2017. We have given the benefit of doubt to political parties while comparing issues mentioned in the manifestos with questions raised earlier. For example, if completion of the Gargai project was listed as an issue in the manifesto, questions related to increased water supply were taken as being related to this issue, even if the questions were not specifically about the project. This is because although the completion of the project is a specific issue, it is linked to the broader question of adequate water supply.

We are going to track this section every year in our civic issues report henceforth to see whether the newly elected councillors are raising any of the issues that their respective political parties have mentioned in their manifestos.

Note: Numbers next to main points in the table below indicate number of sub-points mentioned by that party under that point.

Table 1: Bhartiya Janta Party (BJP) Manifesto

| Manifesto Points | No. of Questions (Mar '12 - Dec '16 | No. of Questions (Mar '17 - Dec '17) |
|---|--|---|

Section II. City Summary of Civic Complaints

| Year | Total Complaints | | Closed Complaints | Average No. of days taken to resolve a complaint | Complaints Registered (Action Pending) | In Process (Not assigned/ Re Assigned/ Being Attended) | Not related to MCGM | Councill or code not given |
|------|---------------------|--------|----------------------|--|---|--|------------------------------|-------------------------------------|
| 2015 | 61 010* | Total | 46,337 | 15 | 14,985 | 574 | 14 | 53,554 |
| 2015 | 61,910* | In (%) | 75% | 15 | 24% | 1% | 0.02% | 87% |
| 2016 | 81,555 | Total | 47,511 | 10 | 31,997 | 1,975 | 72 | 56,342 |
| 2010 | 61,555 | In (%) | 58% | 19 | 39% | 2% | 0.09% | 69% |
| 2017 | 02 220 | Total | 76,763 | 40 | 14,573 | 905 | 88 | 70,708 |
| 2017 | 92,329 | In (%) | 83% | 48 | 16% | 1% | 0.10% | 77% |

Table 5: Status report of total complaints in year 2015 to 2017

* - excluding complaints received via the 'Voice of Citizens' portal

Inference:

- Total no. of Complaints in Mumbai have steadily increased from 61,910 in 2015 to 92,329 in 2017, which is an increase of 49%.
- The Councillor Code¹ was not filled for 77% of the citizen complaints registered in 2017 as compared
- According to the Citizen's Charter², it should take, on an average, 3 days to resolve the complaints.
- This means that even though more complaints are being closed, it is taking a lot more time to close them.
- A reason for this lack of time-bound service delivery could be that there is **no mechanism for citizen's feedback** after a complaint is resolved. There is no way for a citizen to give feedback on the way their complaint was resolved, or after the complaint is registered.

Note: MCGM maintains complaints received through various portals on the Central Complaint Registration System (CCRS). Praja Foundation obtains all data relating to complaints, escalation, and action taken on complaints through RTI applications. The 'Citizen's Charter' shown in this White Paper refers to the document of 1999, which was a combined effort of the MCGM and Praja Foundation. It has been used as a reference document to gauge the difference between time in which a citizen expects a complaint to be solved and the actual time taken to solve a complaint.

¹ While solving complaints the engineer concerned has to mention the councillor name (code) for each complaint, based on the constituency that the complaint belongs to. This is compulsory and should be filled out rigorously. This will assist councillors to get the list of constituency-wise complaints.

² 18 issues are included in the Citizen's Charter. Refer to Table 69 in Annexure.

Table 6: Civic Complaints by Citizens in Mumbai during calendar years 2015 to 2017

| | | Complaints | Increase from 2015 | Increase from 2016 | |
|---|---------|------------|-----------------------|-----------------------|-------------------|
| Issues | 2015 | 2016 | 2017 | to 2016 (in %) | to 2017 (in %) |

| Shop open on weekly holiday | 51 | 22 | 23 | 12 | 18 | 44 | 0 |
| Total | 401 | 561 | 1,478 | 12 | 19 | 40 | 2 |

- Complaints related to 'Trade without License' increased by 116% from 2015 to 2017.
- A total of 2,522 complaints were registered regarding trade without licence/ unauthorised food selling/preparation/running without license, etc.
- A total of just 19 questions were asked on the aforementioned issues.

Table 8: Sub-issue wise top four Civic Complaints by Citizens during the calendar years 2015 to 2017

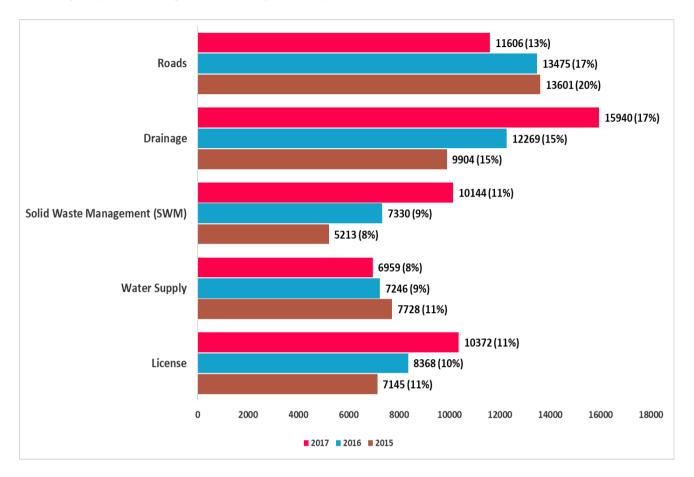

| Issues/Sub-issues | 2015 | 2016 | 2017 | Increase from 2015 to 2016 (in %) | Increase from 2016 to 2017 (in %) |
|--|--------|--------|--------|---|---|
| Roads | · | | | | |
| Bad Patches / Potholes on the Roads | 7,491 | 5,841 | 4,164 | -22% | -29% |
| Municipal Land - Road/ Footpath/SWD | 2,855 | 2,823 | 2,721 | -1% | -4% |
| Resurfacing of Road | 1,308 | 1,009 | 1,239 | -23% | 23% |
| Total complaints | 13,601 | 13,475 | 11,606 | -1% | -14% |
| Drainage | · | | | | |
| Drainage Chokes and Blockages | 5,591 | 7,199 | 9,256 | 29% | 29% |
| Overflowing drains of manholes | 2,807 | 3,107 | 4,346 | 11% | 40% |
| Replacement of Missing / Damaged Manhole | 675 | 657 | 957 | -3% | 46% |
| Total complaints | 9,904 | 12,269 | 15,940 | 24% | 30% |
| Solid Waste Management (SWM) | · | | | | |
| Garbage not lifted from House/Gully/Municipal Market/Road/Authorised collection point | 1,593 | 2,109 | 3,597 | 32% | 71% |
| Removal of Debris | 953 | 1,241 | 1,625 | 30% | 31% |
| Lifting of Tree Cutting | 573 | 635 | 794 | 11% | 25% |
| Providing/removing/replacing dustbins | 334 | 425 | 499 | 27% | 17% |
| Collection point not attended properly | 345 | 1,002 | 565 | 190% | -44% |
| Total complaints | 5,213 | 7,330 | 10,144 | 41% | 38% |
| Water Supply | · | | | | |
| Shortage of Water Supply | 2,739 | 2,491 | 2,253 | -9% | -10% |
| Leaks in Water Lines | 2,077 | 1,436 | 1,333 | -31% | -7% |
| Unauthorised Tapping of Water Connection | 961 | 976 | 939 | 2% | -4% |
| Contaminated Water Supply | 802 | 980 | 1,207 | 22% | 23% |
| Total complaints | 7,728 | 7,246 | 6,959 | -6% | -4 % |

- There has been a significant rise in Complaints related to "Garbage not lifted from House/Gully/Municipal Market/Road/Authorised collection point", from 1,593 in 2015, to 2,109 in 2016 (32% increase) and 3,597 in 2017 (71% increase). It is a 126% increase from 2015 to 2017.
- Complaints related to "Collection point not attended properly" showed an increase of 190% from 2015 to 2016, but then showed a decrease of 44% from 2016 to 2017.
- Total Solid Waste Management (SWM) complaints have increased by 41% from 2015 to 2016 and 38% from 2016 to 2017. This shows the inefficiency of the Swacch Bharat Abhiyan Campaign.

Graph 1: Comparison of most frequent complaints³ by citizens from Jan 2015 to Dec 2017

Note: The percentages mentioned in brackets indicate the share of complaints related to that issue with respect to total number of complaints. For e.g. In 2017, 13% of total complaints were related to 'Roads'.

- Complaints related to 'Drainage issues' (15,940) is the most frequently complained about issue in 2017. It constitutes almost one-fifth (17%) of all complaints.
- Over the last three years, complaints related to Licences, Drainage and Solid Waste Management have steadily increased, while those related to Water Supply and Roads have steadily decreased. This indicates that more and more citizens in Mumbai are agitated by the government's lack of preparedness towards the monsoons, garbage, and ease of doing business.
- After the launch of the Voice of Citizen Portal in November 2011, there was a drastic increase in the number of complaints registered in 2012 (24,414 complaints through the portal). There was a further increase in complaints registered in 2013 (36,475 complaints through the portal).

³ The complaints registered data is obtained through RTI from the Central Complaint Registration System (CCRS) of the MCGM

Table 9: Analysis of complaints attended (closed) in comparison with days mentioned in MCGM's Citizen Charter⁴

| | | Actual time taken to resolve | | | | | |
|---|--|------------------------------|------|------|---|--|--|
| Issues/Sub-issues | To resloved as per Citizens' Charter | 2015 | 2016 | 2017 | Increase from 2016 to 2017 (in %) | | |
| Drai | nage | | | | | | |
| Drainage Chokes and Blockages | 1 | 8 | 11 | 32 | 186% | | |
| Overflowing drains or manholes | 1 | 13 | 20 | 56 | 189% | | |
| Odour (Foul Smell) from Drains | 1 | 14 | 20 | 71 | 253% | | |
| Replacement of Missing / Damaged Manhole | 1 | 18 | 21 | 66 | 217% | | |
| Raising of Manhole (except in Monsoon) | 7 | 11 | 17 | 40 | 136% | | |
| Cleaning of septic tank | 7 | 16 | 24 | 56 | 135% | | |
| Repairs to pipe sewers/main sewers | 7 | 18 | 20 | 60 | 200% | | |
| Water | Supply | | | | | | |
| Contaminated Water Supply | 1 | 12 | 19 | 37 | 95% | | |
| Leaks in Water Lines | 7 | 14 | 18 | 37 | 103% | | |
| Shortage of Water Supply | 2 | 15 | 19 | 38 | 97% | | |
| Burst Water Main | 1 | 15 | 17 | 37 | 119% | | |
| Solid Waste Mar | nagement (SV | VM) | | 1 | | | |
| Garbage not lifted - Co-authorised Point | 1 | 15 | 17 | 12 | -29% | | |
| Collection point not attended properly | 1 | 9 | 15 | 22 | 47% | | |
| Garbage lorry not reported for service/ Lorry not covered | 1 | 9 | 15 | 12 | -20% | | |
| Providing/removing/replacing dustbins | 8 | 9 | 18 | 24 | 33% | | |
| Sweeping of road | 1 | 10 | 15 | 16 | 1% | | |
| Removal of Dead Animals | 1 | 7 | 12 | 19 | 56% | | |
| No attendance at public toilets | 2 | 11 | 20 | 28 | 43% | | |
| Average | 3 | 13 | 16 | 37 | 131% | | |

- Following the overall trend in Mumbai, average days taken to resolve a complaints related to SWM, Water Supply and Drainage in MCGM has more-than-doubled from 16 days in 2016 to 37 days in 2017.
- It took **71 days (more than 2 months)** to resolve complaints related to "Foul Smell from Drains" in 2017. According to the citizen's charter, complaints under this name should be resolved in a day.
- Similarly, it took **66 days (just more than 2 months)** to resolve complaints related to "Replacement of missing/damaged manhole", when it should only take 1 day according to the citizen's charter. This is particularly worrisome since there has been a continued trend of people dying in open manholes in monsoon.

Table 10: Issue wise comparison of Total complaints and Complaints closed

| Complaint Type | Total complaints received | | Closed Complaints | | | | Average days to resolve a complaint | |
|---|---------------------------|--------|-------------------|--------|--------|--------|---|------|
| Complaint Type | 2016 | 2017 | 20 | 2016 | | 17 | 2016 | 2017 |
| | | | In no. | In (%) | In no. | In (%) | | |
| Roads | 13,475 | 11,606 | 7,813 | 58% | 9,922 | 85% | 21 | 49 |
| Buildings | 16,257 | 19,267 | 5,767 | 35% | 12,607 | 65% | 29 | 86 |
| Drainage | 12,269 | 15,940 | 8,413 | 69% | 14,147 | 89% | 14 | 43 |
| Water Supply | 7,246 | 6,959 | 4,369 | 60% | 6,054 | 87% | 19 | 39 |
| Solid Waste Management (SWM) | 7,330 | 10,144 | 5,172 | 71% | 10,020 | 99% | 16 | 17 |
| License | 8,368 | 10,372 | 6,102 | 73% | 9,587 | 92% | 17 | 46 |
| Pest control | 6,078 | 5,529 | 5,446 | 90% | 5,139 | 93% | 14 | 38 |
| Garden | 1,658 | 1,844 | 749 | 45% | 968 | 52% | 24 | 52 |
| Colony Officer | 1,954 | 1,245 | 309 | 16% | 762 | 61% | 24 | 73 |
| Storm Water Drainage | 1,386 | 1,532 | 810 | 58% | 1,323 | 86% | 23 | 58 |
| Shop and Establishment | 561 | 1,478 | 363 | 65% | 1,376 | 93% | 19 | 40 |
| Medical Officer Health (MOH) | 1,111 | 1,595 | 562 | 51% | 1,314 | 82% | 22 | 40 |
| MCGM Related | 862 | 889 | 429 | 50% | 710 | 80% | 25 | 66 |
| Estate | 560 | 407 | 123 | 22% | 221 | 54% | 25 | 80 |
| Toilet | 290 | 416 | 205 | 71% | 397 | 95% | 21 | 33 |
| Pollution | 220 | 215 | 84 | 38% | 128 | 60% | 26 | 83 |
| School | 74 | 42 | 14 | 19% | 21 | 50% | 44 | 94 |
| Nuisance due to vagrants on municipal roads, footpaths, gardens | 1,856 | 2,849 | 781 | 42% | 2,067 | 73% | 28 | 57 |
| Grand Total | 81,555 | 92,329 | 47,511 | 58% | 76,763 | 83% | 19 | 48 |

- As stated earlier, even though the number of closed complaints has increased, average number of days taken to resolve the complaints has also increased, disproportionate to the increase in number of closed complaints.
- Days taken to resolve complaints related to 'Pollution' was 83 in 2017.

Table 11: Issue wise comparison of Total complaints and Action taken on complaints

| | Total complaints received | | Action Taken Report* | | | |
|---|---------------------------|--------|----------------------|-------------|--------|-------------|
| Complaint Type | 2016 | 2017 | 2016 | | 2017 | |
| | | | In no. | In (%) | In no. | In (%) |
| Roads | 13,475 | 11,606 | 10,757 | 80% | 9,973 | 86% |
| Buildings | 16,257 | 19,267 | 11,268 | 69% | 12,562 | 65% |
| Drainage | 12,269 | 15,940 | 9,866 | 80% | 14,019 | 88% |
| Water Supply | 7,246 | 6,959 | 5,833 | 80% | 6,030 | 87% |
| Solid Waste Management (SWM) | 7,330 | 10,144 | 6,312 | 86% | 9,013 | 89% |
| License | 8,368 | 10,372 | 7,312 | 87% | 9,578 | 92% |
| Pest control | 6,078 | 5,529 | 5,806 | 96% | 5,147 | 93% |
| Garden | 1,658 | 1,844 | 1,070 | 65% | 972 | 53% |
| Colony Officer | 1,954 | 1,245 | 1,155 | 59% | 770 | 62% |
| Storm Water Drainage | 1,386 | 1,532 | 1,157 | 83% | 1,324 | 86% |
| Shop and Establishment | 561 | 1,478 | 476 | 85% | 1,372 | 93% |
| Medical Officer Health (MOH) | 1,111 | 1,595 | 921 | 83% | 1,302 | 82% |
| MCGM Related | 862 | 889 | 626 | 73% | 715 | 80% |
| Estate | 560 | 407 | 391 | 70% | 223 | 55% |
| Toilet | 290 | 416 | 245 | 84% | 361 | 87% |
| Pollution | 220 | 215 | 171 | 78% | 128 | 60% |
| School | 74 | 42 | 34 | 46% | 22 | 52% |
| Nuisance due to vagrants on municipal roads, footpaths, gardens | 1,856 | 2,849 | 1,180 | 64% | 2,072 | 73% |
| Grand Total | 81,555 | 92,329 | 64,580 | 79 % | 75,583 | 82 % |

*differs from 'Case Closed'

Inference:

• Action Taken Report generation on complaints related to 'Pollution' have decreased from 78% in 2016 to 60% in 2017. This is surprising since air pollution is severely affecting Mumbai's health, and the MCGM is not taking necessary steps to curb the harmful effects of pollution.

Table 12: Issue wise comparison of Total complaints and Complaints Escalated

| | Total complaints received | | Complaints Escalated (Escalated to Level I – AMC/Chief Engineer) | | | |
|---|---------------------------|--------|--|-------------|--------|--------|
| Complaint Type | 2016 | 2017 | 2016 | | 2017 | |
| | | | In no. | In (%) | In no. | In (%) |

| Buildings | 16,257 | 19,267 | 4,392 | 27% | 6,741 | 35% |
| Drainage | 12,269 | 15,940 | 1,855 | 15% | 1,869 | 12% |
| Water Supply | 7,246 | 6,959 | 2 | 0% | 3 | 0% |
| Solid Waste Management (SWM) | 7,330 | 10,144 | 875 | 12% | 179 | 2% |
| License | 8,368 | 10,372 | 739 | 9% | 972 | 9% |
| Pest control | 6,078 | 5,529 | 167 | 3% | 469 | 8% |
| Garden | 1,658 | 1,844 | 567 | 34% | 885 | 48% |
| Colony Officer | 1,954 | 1,245 | 804 | 41% | 502 | 40% |
| Storm Water Drainage | 1,386 | 1,532 | 230 | 17% | 219 | 14% |
| Shop and Establishment | 561 | 1,478 | 68 | 12% | 85 | 6% |
| Medical Officer Health (MOH) | 1,111 | 1,595 | 185 | 17% | 320 | 20% |
| MCGM Related | 862 | 889 | 230 | 27% | 189 | 21% |
| Estate | 560 | 407 | 170 | 30% | 186 | 46% |
| Toilet | 290 | 416 | 41 | 14% | 25 | 6% |
| Pollution | 220 | 215 | 51 | 23% | 89 | 41% |
| School | 74 | 42 | 37 | 50% | 21 | 50% |
| Nuisance due to vagrants on municipal roads, footpaths, gardens | 1,856 | 2,849 | 686 | 37% | 818 | 29% |
| Grand Total | 81,555 | 92,329 | 13,713 | 17 % | 15,319 | 17% |

Note: Level I – AMC/Chief Engineer, Level II – DMC, Level III – Additional Municipal Commissioner and Level IV is Complaint will escalate to Municipal Commissioner. The escalation matrix is a computerised mechanism by which complaints which are not resolved within a stipulated time are automatically shown as being placed before a higher authority within the MCGM.

Inference:

• Half of the complaints related to 'Schools' have consistently been escalated in 2016 as well as 2017 (50%). There needs to be a greater emphasis on solving problems relating to Schools, especially with the dropout rates increasing in MCGM schools.

Table 13: Category-wise status of Complaints escalated in the year 2017

| | Total Complaints Received | Escalated Complaints | | | |
|---|---------------------------------|------------------------------------|-------------------|---------------------------|------------------|
| Complaint Type | | Level I (AMC/Chief Engineer) | Level II (DMC) | Level III (Add. MC) | Level IV (MC) |
| Roads | 11,606 | 1,747 | 1,747 | 1,747 | 1,747 |
| Buildings | 19,267 | 6,741 | 6,621 | 6,337 | 6,124 |
| Drainage | 15,940 | 1,869 | 1,869 | 1,864 | 1,810 |
| Water Supply | 6,959 | 3 | 3 | 3 | 3 |
| Solid Waste Management (SWM) | 10,144 | 179 | 178 | 178 | 175 |
| License | 10,372 | 972 | 972 | 972 | 972 |
| Pest control | 5,529 | 469 | 469 | 469 | 469 |
| Garden | 1,844 | 885 | 885 | 885 | 885 |
| Colony Officer | 1,245 | 502 | 502 | 502 | 502 |
| Storm Water Drainage | 1,532 | 219 | 219 | 219 | 219 |
| Shop and Establishment | 1,478 | 85 | 85 | 85 | 85 |
| Medical Officer Health (MOH) | 1,595 | 320 | 320 | 320 | 320 |
| MCGM Related | 889 | 189 | 189 | 189 | 189 |
| Estate | 407 | 186 | 186 | 186 | 186 |
| Toilet | 416 | 25 | 25 | 25 | 25 |
| Pollution | 215 | 89 | 89 | 89 | 89 |
| School | 42 | 21 | 21 | 21 | 21 |
| Nuisance due to vagrants on municipal roads, footpaths, gardens | 2,849 | 818 | 818 | 818 | 818 |
| Total | 92,329 | 15,319 | 15,198 | 14,909 | 14,639 |
| In (%) | | 17% | 16% | 16% | 16% |

The table above depicts the number of complaints escalated to different levels under the 'escalation matrix' which has been adopted by the MCGM. The escalation matrix was developed to address the problem of complaints remaining stuck at the lower level of the civic administration, with no way to enforce accountability. Through this system, the higher administration is mandated to take note of and address complaints if they are not solved within a stipulated time.

- If a complaint is solved at the level at which it is filed, it is treated as being solved at Level 0. As can be seen through the data, once complaints are escalated, they reach the highest level i.e. that of the Municipal Commissioner, 14,639 out of 15,319 (95.56%) cases in 2017. Even though this is down from 99% in 2016, it is still a very high percentage.
- The highest number of complaints registered were in "Buildings" (19,267), of which only 6,124 (32%) complaints were resolved at Level IV.
- Total of 680 complaints were resolved at Level IV out of 15,319 complaints registered at Level I.

Table 14: Issue-wise details of complaints on Level 0

| | | Level 0 | | | |
|---|---------------------|---|----------------------|-----------------|--|
| Issues | Total Complaints | No. of Complaints on which action was taken | Closed Complaints | Average Days | |

Note:

- Action Not Initiated- includes complaints which were filed but action was not taken.
- Forwarded to Department- includes complaints which were forwarded to the designated departments of MCGM.
- False complaints- include complaints which were not in the correct format.
- Service Provided- includes complaints which were addressed with the right protocol (action was initiated; site inspection was done etc.)

Table 20: Issue-wise Status of Action Taken Report Generated on Complaints in 2017

| Grand Total | 92,329 | 2,353 | 3% | 8,220 | 11% | 65,010 | 86% | 16,746 | 18 % |

Inference:

- Out of the total 92,329 complaints, service has been provided in 86% (65,010) complaints in 2017, down from 87% (55,921) in 2016.
- Maximum services were provided on complaints related to 'Garden' (96%), and least services were provided for complaints related to 'Shops and Establishments' (16%).

Note: In the data obtained by Praja Foundation, there were 3 complaints that were found in the Action Taken Report (ATR) and not in Central Complaint Registration System (CCRS). Similarly, there were 8 complaints found in the CCRS which were missing from the ATR.

Table 21: Ward-wise Total complaints in year 2015 to 2017

- N ward (Ghatkopar) recorded the highest increase in Civic Complaints from 2016 to 2017 (71%).
- Overall, all Wards have seen an increase in the percentage of civic complaints (13%) from 2016 to 2017.
- N ward also has the biggest jump in increase of complaints, from 20% (2015 to 2016) to 71% (2016 to 2017).

⁵ MCGM-other agencies include: (SWD) Western Suburbs, (SWD) ONM, (SWD) Eastern Suburbs, Hydraulic Engineers(HE), Sewage Project(SP), Water SUPPLY Projects(WSP), Storm Water Drainage(SWD), Sewerage Projects (Micro Tunnelling), construction (CITY), construction (EASTERN).

Table 22: Ward wise comparison of Total complaints and Complaints closed

| Total | 81,555 | 92,329 | 47,511 | 58% | 76,763 | 83% | 19 | 48 |

* Actual Percentage is 99.843%, which has been rounded off

- The number of days taken to resolve a complaint has drastically risen, in most wards.
- Average days taken to resolve complaints in 2017 in A ward (Fort) is **86.** In 2016, this number was just 13 days. S ward (Bhandup) took, on an average, **93** days to resolve a complaint in 2017.
- E ward has almost all of its 3,183 complaints closed (3,178).
- L ward has only closed **16%** of its complaints in 2017, and correspondingly has the lowest average number of days taken to resolve a complaint (13).
- Hence, ward wise data also proves that there is a direct correlation between number of closed complaints and average days taken to resolve/close the complaint. This means that the MCGM is not providing time-bound service delivery.

Table 23: Ward wise comparison of Total complaints and Complaints Escalated

| | Total complaints received | | Complaints Escalated | | | |

- M/E ward has taken the longest to attend complaints regarding Contaminated Water Supply (54 days); Leaks in Water Lines (47 days), Providing/removing/replacing dustbins (40 days), Sweeping of road (34 days) and Removal of Dead Animals (62 days).
- H/E ward (45 days) took the longest time to attend the complaints regarding "Shortage of Water Supply", which according to the Citizens Charter should have taken only two days.

- M/E ward took a shocking **144 days (almost 5 months)** to resolve the complaints regarding "Shortage of Water Supply", which according to the Citizens Charter should have taken only two days.
- M/E ward also took **195 days (more than 6 months)** to resolve complaints related to 'Burst Water Mains'. According to the Citizen's Charter, the complaint should've been resolved in **1 day**.
- 'A' ward took 216 days (7 months) to resolve complaints related to 'No attendance at public toilets'.

Section IV: Functioning of Ward Committees

Functioning of the Ward Committees:

'Ward Committees' are one of the most crucial mechanisms available to Municipal Councillors for conducting deliberations for delivering effective governance. Issues of prime significance to citizens' daily lives related to civic amenities such as road, water supply, drainage, etc. can be taken up and redressed effectively in this forum. Almost all civic issues are to be resolved through this mechanism. This was precisely the aim of the 74th Constitutional Amendment, which mandated the creation of the Ward Committees, to bring in grassroots democracy and strengthen it.

Devices for raising questions/grievances in ward committee meetings:

Councillors use various devices to enable them to know about the functioning of various committees, monitor performance of Administration and resolve citizen's problems.

1. **Short Notice Questions**: Councillors can raise civic issues and follow up on them with the Administration through Short Notice Questions. These questions should be of urgent civic importance, for instance, those causing harm to lives of citizens, such as building collapse or fire etc. Such urgent matters are admitted and the Commissioner is accountable to answer them. In cases of not to so urgent matters, the written questions are sent by the Councillors to the Assistant Commissioner, who sends answers to respective Councillors. The Short Notice Question should be specific and related to only one matter at a time and should be framed in not more than 2-3 sentences. For example, 1) Is it true that Mumbai city is severely caught up with Swine Flu?, 2) How many patients are being treated in Mumbai in Kasturba and other hospitals?, 3) Why has the indigenous vaccine for Swine Flu not yet been procured in Mumbai? Please give detailed information. The Short Notice Questions are not discussed in the House.

2. **Notice of Motions**: Councillors may ask for a statement to be made by the Commissioner on an urgent matter relating to the Administration by giving at least one hour notice before the meeting. The Commissioner answers the notice in writing and no discussion can be done on the answers. The Councillors may present a Notice of Motion on matters of importance and in the interest of Mumbai city. The Motion should be presented in a general form and should be in the interest of the public at large.

3. Adjournment Motion: The Councillors may bring to the notice of the House any incidences where citizens are facing severe problems due to specific reasons, and the concerned officers and ward in-charge have not taken due action despite bringing the matter to their attention. In such cases, Councillors can propose an Adjournment Motion, as a protest against the inaction of the Administration. The notice for the Adjournment Motion should be given at least half an hour before the meeting of the House. The proposal is accepted by majority vote. In case the Councillors directly present an Adjournment Motion in the House without prior notice, then it is treated as a Simplicitor, which is not discussed in the House and passed only with unanimous voting.

4. **Amendments proposed**: When a Councillor has any objection about a topic on the meeting agenda, if s/he thinks it is inadequate, s/he can present a notice to the Administrative office for Amendment in order to reconsider the topic. If a Councillor wants to present an Amendment, it is customary that s/he is allowed to speak first.

5. **Proposal raised/agenda raised/ letter to raise issues**: When a Councillor wants to raise any agenda or question, s/he writes a letter for the same, following which it appears in the agenda for discussion in the meeting.

6. **Point of Orders**: The Councillor, in order to bring any serious incident in his/her constituency to the notice of the House, can raise a Point of Order. There are specific rules on when and how the Point of Order can be raised apart from precedents. The Point of Order can be raised while a subject is being discussed in the house, provided it is related to that subject. The Committee Chairperson has a right to decide whether or not to allow a discussion on the Point of Order and announces the decision on the Point of Order. In case the information provided is inadequate to reach a decision, it is presented in the subsequent meeting. The decision by the Ward Committee Chairperson is deemed final and in cases of disagreements, it can only be challenged in the Court.

Source: Corporation Procedure Rules and Regulation Mumbai: Municipal Printing Press, 2001.

Table 45: Total number of Meetings, Attendance and Questions in Ward Committees, in comparison

| Ward Committee | | | | | | | |
|------------------|---------------|---------------|----------------|--|--|--|--|
| | | | | | | | |
| Year | Total Meeting | Attend in (%) | Total Question | | | | |
| Mar'12 to Dec'12 | 209 | 82% | 679 | | | | |
| Mar'17 to Dec'17 | 240 | 82% | 856 | | | | |

Inference:

- The attendance in Ward Committees of the newly elected councillors is 82%. Interestingly, attendance from March 2012 to December 2012, when the last batch of councillors were first elected, was also 82%. However, the number of meetings was 209 in 2012, as opposed to 240 in 2017.
- Number of questions asked in ward committees in 2012 was 679. Number of questions asked by new councillors of 2017 in their first year is 856.

Table 46: Number of questions asked by Councillors in Ward Committees, in comparison

| Catagory | No. of N | Nembers |
|-------------------------|------------------|------------------|
| Category | Mar'12 to Dec'12 | Mar'17 to Dec'17 |
| Zero Question | 45 | 38 |
| 1 to 5 Question asked | 150 | 134 |
| 6 to 10 Question asked | 29 | 46 |
| Above 10 Question asked | 3 | 10 |
| Total Members | 227 | 228* |

* - Shailaja Girkar was elected in March 2017 but passed away in September 2017, and Pratibha Girkar was elected in her place. Shailaja Girkar's questions till August 2017 have been considered. Hence, the number of councillors has been shown as 228 and not 227.

- Maximum number of councillors asked between 1 to 5 questions in 2017 (134 Councillors).
- 38 councillors have not asked a single question between March 2017 (from the start of the elections) to December 2017. This is lower than the 2012 figure of 45.

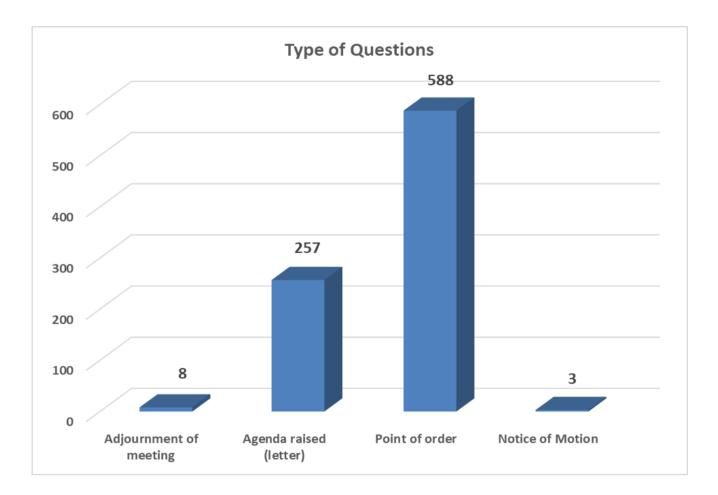

Table 47: Issue-wise number of questions asked in Ward Committees, in comparison

| Issues | Questio | on asked |
|-------------------------------------|--------------------|--------------------|
| 135025 | Mar '12 to Dec '12 | Mar '17 to Dec '17 |
| Drainage | 30 | 42 |
| Solid Waste Management (SWM) | 62 | 76 |
| Water Supply | 47 | 56 |
| License | 29 | 47 |
| Roads | 102 | 151 |
| Storm Water Drainage | 31 | 39 |
| Toilet | 19 | 42 |
| Pest control | 11 | 7 |
| Garden/Open space | 28 | 38 |
| Community Development | 13 | 32 |
| Health | 19 | 19 |
| Education | 19 | 10 |
| Naming/Renaming of Roads/ Chowks | 127 | 125 |
| Other issues related | 142 | 172 |
| Total | 679 | 856 |

- Highest number of questions (151) asked were related to 'Roads' in between March 2017 and December 2017. This was closely followed by questions on 'Naming/Renaming of Roads/ Chowks', with 125 questions.
- Overall, we can deduce that this new batch of councillors in 2017 asked more questions than the previous batch of 2012.
- Drawing a relation between the administration and the questions, therefore, we can say that the administration is taking much longer to answer questions and tend to complaints, an issue which the councillors seem to have taken cognisance of.

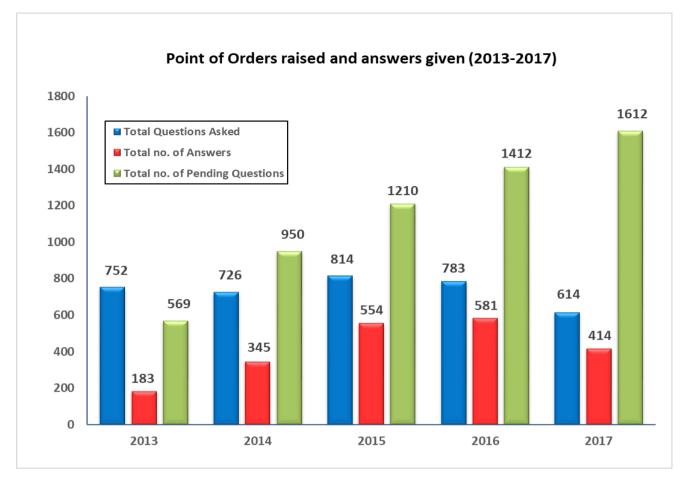

Graph 2: Types of devices used by councillors in the year 2017 (March to December)

- Point of Order has been, by far the most frequently used device by Councillors (588 times).
- The 'Notice of Motion' device has only been used three times, even lesser than Adjournment of meeting device (8 times).

| Types of devices | Mar '12 to Dec '12 | Mar '17 to Dec '17 |
|------------------------|--------------------|--------------------|
| Adjournment of meeting | 6 | 8 |
| Agenda raised (letter) | 183 | 257 |
| Amendment Proposed | 4 | 0 |
| Point of order | 484 | 588 |
| Short Notice Questions | 2 | 0 |
| Notice of Motion | 0 | 3 |
| Total | 679 | 856 |

Graph 3: Answers given by Administration to Point of Order questions raised in Ward committee meetings

Note: Pending questions from previous years have been added to the current years, since those questions are still pending. Hence, the 'Pending Questions' figures are progressive in nature.

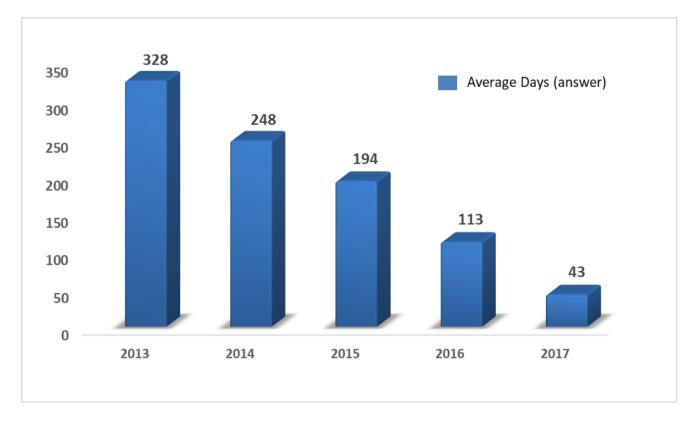

Inference:

• Total Number of Pending Questions has escalated every year, from 569 questions in 2013 to 1,612 questions in 2017.

It is important to understand that Point of Order questions are questions which relate to serious issues. The Ward Committee needs to take a serious stand in answering the questions which in turn will result in better functioning of the government. So many questions left unanswered over the years, shows poor governance and ignorance from the Administration. Hence, it is essential for smooth functioning that the question, however trivial in nature, be addressed and answered to infer further solutions in policy making.

Graph 4: Comparison of the average days taken to answer Point of Order questions in the Ward Committees from 2013 to 2017

- The average days taken to answer Point of Order questions were 195 days (almost 7 months) in the last 5 years: from 2013 to 2017.
- This affects time-bound service delivery to citizens since the administration is not held accountable.
- A greater emphasis should be put on the administration, so that they start answering Point of Order questions in a specified time-frame.
- To the administration's credit, the average number of days to answer Point of Order questions has steadily decreased from 328 days in 2013 to 43 days in 2017.

Table 48: Top three wards in complaints and questions in proportion to the ward population inyear 2017

| Top three Ward in comp | plaints | F/S | M/E | R/N |
|------------------------|----------------|----------|----------|----------|
| Population 2011 | | 3,60,972 | 8,07,720 | 4,31,368 |
| No. of Councillor | | 7 | 15 | 8 |
| Total Complaints | | 1,624 | 3,391 | 1,792 |
| | Complaints | 167 | 336 | 225 |
| Road | Question asked | 6 | 6 | 11 |
| | Complaints | 235 | 484 | 242 |
| Drainage | Question asked | 2 | 1 | 0 |
| | Complaints | 213 | 332 | 142 |
| SWM | Question asked | 3 | 5 | 3 |
| Total Question | Total Question | | 41 | 47 |
| Naming/Renaming of R | oads | 7 | 3 | 6 |

Inference:

- M/E (3,391), R/N (1,792) and F/S (1,624) are the top three wards with the highest number of complaints in proportion to their population.
- R/N ward has the highest number of question asked (47) with 6 of them being related to "Naming/Renaming of Roads".
- M/E ward has the highest number of complaints related to 'Drainage', but has only 1 question corresponding to the same issue.

Table 49: Top three wards in complaints and questions in year 2017

| Top three wards in complaints | | K/E | K/W | L |
|-------------------------------|-----------------|-------|-------|-------|
| No. of Councillors | | 15 | 13 | 16 |
| Total Complaints | | 6,725 | 8,349 | 7,282 |
| | Complaints | 1,018 | 1,363 | 607 |
| Road | Questions asked | 1 | 15 | 10 |
| | Complaints | 1,057 | 1,732 | 1,457 |
| Drainage | Questions asked | 1 | 5 | 0 |
| | Complaints | 588 | 691 | 513 |
| SWM | Questions asked | 2 | 6 | 6 |
| Total Questions | | 19 | 69 | 55 |
| Naming/Renaming | of Roads | 5 | 4 | 4 |

Inference:

• K/E (5,901), K/W (6,374) and L (7,498) were the top three wards in terms of number of complaints in 2016. The exact same three wards are the top three wards in 2017 as well, with 6,725 complaints in K/E, 8,349 in K/W, and 7,282 in L ward.

Table 50: Top three wards in questions asked in proportion to the Councillors elected from theward in the Year 2017

| Top three ward in total question | G/S | H/W | R/N |
|-----------------------------------|-------|-------|-------|
| No. of councillor | 7 | 6 | 8 |
| Total Question | 114 | 37 | 47 |
| Question asked on following issue | S | | |
| Roads | 31 | 3 | 11 |
| Drainage | 10 | 2 | 0 |
| SWM | 8 | 2 | 3 |
| Naming/Renaming of Roads | 3 | 8 | 6 |
| Total Complaints | 2,471 | 3,430 | 1,792 |

- G/S (114), H/W (37), and R/N (47) are the top three wards for questions asked in proportion to the Councillors.
- Among the top three wards, Councillors of G/S have asked more questions related to Roads, Drainage and Solid Waste Management.

Note: Of the 38 councillors that had not asked a single question in ward committees in 2017, these 11 were re-elected after serving a previous term (March 2012- March 2017).

¹¹ Ganga Mane was elected on 10th April, 2015

Section V: Open Defecation Free (ODF) status given to Greater Mumbai

The Ministry of Urban Development, Government of India has come out with a document¹² titled 'Declaring your City/Town ODF: A ready reckoner', which lists out a thorough procedure for Urban Local Bodies (ULBs) to declare their cities as Open Defecation Free (ODF). In this document, an ODF city/ward is defined as:

A city / ward can be notified/declared as ODF city/ ODF ward if, at any point of the day, not a single person is found defecating in the open.

Under this definition, necessary conditions that are mandated to be achieved before declaring a city as ODF are:

- All households that have space to construct toilet, have constructed one.
- All occupants of those households that do not have space to construct toilet have access to a community toilet within a distance of 500 meters.
- All commercial areas have public toilets within a distance of 1 kilometer.
- City has a mechanism in place through which fines are imposed fine on people found defecating in the open.

Under the 'Swachh Certificate for Open Defecation Free Status'¹³ banner, Greater Mumbai has been declared 100% Open Defecation Free (ODF).

Though neither the ULB nor the Urban Development Ministry has released data pertaining to the above conditions being met, we obtained data on Public and Community Toilets, and checked if Mumbai does indeed have the necessary infrastructure to support the conditions and definition mentioned above.

Note: The MCGM maintains two types of toilets; Public (Pay & Use) toilets and Community toilets. Community toilets are built by the MCGM/State Agency and handed over to a community/slum under a CBO (Community Based Organisation).

| Western Suburbs | 55,27,025 | 1,154 | 2,850 | 60 | 60% |
| Eastern Suburbs | 38,29,937 | 868 | 2,329 | 33 | 63% |
| Total | 1,24,42,373 | 3,909 | 10,778 | 163 | 64% |

¹⁴ Numbers are addition of number of Urinals and Toilets (WCs) only, they do not include Bathrooms.

Graph 5: Number of Pay & Use Toilets in Greater Mumbai

Inference:

- The disparity between number of toilets for Males and number of toilets for Females is shocking in Mumbai.
- C ward has the largest disparity with 85%, while R/N has the lowest disparity of 50%.
- E, R/S and N wards also has no provision for differently abled people to use toilets. This means that 3 entire wards in Mumbai don't have sanitation facilities for differently abled people.
- Mumbai overall has a disparity of 64%, ie. Number of toilets for women is almost one-third of the number of toilets for men.
- Also, complaints relating to 'No attendance at public toilets' took an average 28 days (almost a month) to be resolved.

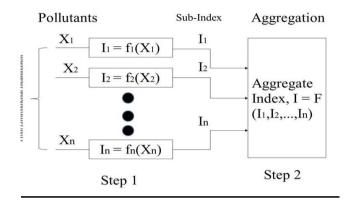

Note: Data is obtained from Solid Waste Management Department of MCGM. Numbers include number of Toilets (WC) and Urinals (Indian toilets) for Male and Female Pay & Use Toilet units under the MCGM.

Section VI: Air Quality and the Health of Mumbai

AQI Definition:

Simply put, An AQI is defined as an overall scheme that transforms weighted values of individual air pollution related parameters (SO2, CO, visibility, etc.) into a single number or set of numbers. The result is a set of rules (i.e. set of equations) that translate parameter values into a simple form by means of numerical manipulation:

Note: This image has been taken from the 'National Air Quality Index' Report released by the Central Pollution Control Board (2014)

| Colour | Air Quality Index | AQI Range | Remark |
|--------|-------------------|-----------|---|
| | Good | 0-50 | Minimal Impact |
| | Satisfactory | 51-100 | May cause minor breathing discomfort in sensitive people |
| | Moderate | 101-200 | May make breathing difficult for people with lung diseases and cause discomfort in children, older adults and heart patients |
| | Poor | 201-300 | May make breathing difficult after prolonged exposure, and cause discomfort to people with heart diseases |
| | Very Poor | 301-400 | May cause respiratory illnesses in people on prolonged exposure. Effect may be more pronounced in those with lung and heart diseases. |
| | Severe | >400 | May cause respiratory problems even in healthy people, and seriously impact those with lung/heart diseases. Even increased breathing during light physical activity can impact health. |

Air Quality Index standards, according to the Central Pollution Control Board (CPCB)

Graph 6: Month wise Air Quality Index

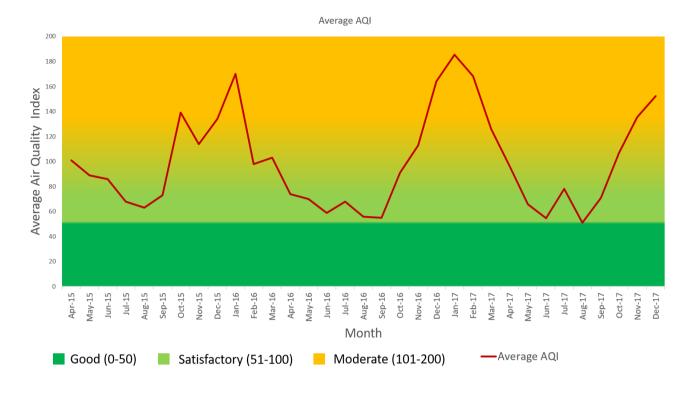

Table 56: Average month-wise AQI from April 2015 to December 2017¹⁵

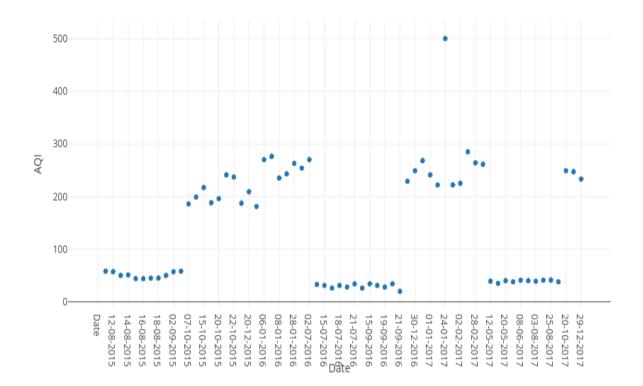

| Month | | Average AQI | |
|-----------|------|-------------|------|
| Wonth | 2015 | 2016 | 2017 |
| January | - | 170 | 186 |
| February | - | 98 | 168 |
| March | - | 103 | 126 |
| April | 101 | 74 | 97 |
| May | 89 | 70 | 66 |
| June | 86 | 59 | 55 |
| July | 68 | 68 | 78 |
| August | 63 | 56 | 51 |
| September | 73 | 55 | 71 |
| October | 139 | 91 | 107 |
| November | 114 | 113 | 136 |
| December | 134 | 164 | 152 |

- The highest Average Monthly AQI has increased from 170 in January 2016 to 186 in January 2017. The highest Average Monthly AQI in 2015 was 139 in October 2015. This indicates a worsening of Air Quality as the years have progressed.
- January continues to remain the worst month of the year for pollution in Mumbai.
- Mumbai sees the best Air Quality in the months of June and August, which can be explained by the presence of the monsoon season, which drastically helps abate poor air quality.

¹⁵ All AQI data has been obtained from : <u>http://cpcb.nic.in/</u>, after approval from the Central Pollution Control Board (CPCB) through an RTI application.

Graph 7: AQI of year-wise best & worst days of 2015, 2016 and 2017

Inference:

• The worst Air Quality has progressively become worse over the years, which means that more and more Mumbaikars have to breathe unclean air. Air Quality is worsening day-by-day.

Table 57: AQI of year-wise best and worst days of 2015, 2016 and 2017

| | Best AQIs | | Worst AQIs | |
|------|------------|----|------------|-----|
| | 11-08-2015 | 58 | 07-10-2015 | 186 |
| | 12-08-2015 | 57 | 08-10-2015 | 199 |
| | 13-08-2015 | 50 | 15-10-2015 | 217 |
| | 14-08-2015 | 51 | 18-10-2015 | 188 |

| 2016 | 21-07-2016 | 34 | 29-01-2016 | 254 |
| 2016 | 22-07-2016 | 26 | 02-07-2016 | 270 |
| | 15-09-2016 | 34 | 27-11-2016 | 229 |
| | 18-09-2016 | 31 | 30-12-2016 | 249 |
| | 19-09-2016 | 28 | 31-12-2016 | 268 |
| | 20-09-2016 | 34 | | |
| | 21-09-2016 | 20 | | |
| | 12-05-2017 | 39 | 01-01-2017 | 241 |
| | 19-05-2017 | 35 | 23-01-2017 | 222 |
| | 20-05-2017 | 40 | 24-01-2017 | 500 |
| | 24-05-2017 | 38 | 26-01-2017 | 222 |
| | 08-06-2017 | 41 | 02-02-2017 | 225 |
| 2017 | 01-08-2017 | 40 | 19-02-2017 | 285 |
| | 03-08-2017 | 39 | 28-02-2017 | 264 |
| | 14-08-2017 | 41 | 13-03-2017 | 261 |
| | 25-08-2017 | 41 | 20-10-2017 | 249 |
| | 26-09-2017 | 38 | 25-12-2017 | 247 |
| | | | 29-12-2017 | 233 |

Inference:

• The highest AQI (worst air quality) has been constantly increasing over the years (241 in 2015, 276 in 2016, 500 in 2017).

Table 58: Air Quality Index level-wise number of days from 2015 to 2017

| Air Quality Laval | No. of Days | | | | | | |
|-------------------|-------------|------|------|--|--|--|--|
| Air Quality Level | 2015 | 2016 | 2017 | | | | |
| Good | 6 | 65 | 45 | | | | |
| Satisfactory | 157 | 177 | 134 | | | | |
| Moderate | 89 | 107 | 144 | | | | |
| Poor | 4 | 17 | 23 | | | | |
| Very Poor | 0 | 0 | 0 | | | | |
| Severe | 0 | 0 | 1 | | | | |
| Total | 256* | 366^ | 347# | | | | |

* - Air Quality data was available from 20-04-2015

^ - 2016 was a leap year

- 18 days had an 'NA' against their Air Qualities from the data we obtained in 2017

Table 59: Comparison of Pollution Complaints

| Pollution Sub-Issues | 2015 | 2016 | 2017 | Increase from 2016 to 2017 (in %) |
|--|------|------|------|---|
| Air Pollution | 94 | 153 | 149 | -3 |
| Pollution due to Chemical Effluents | 33 | 51 | 55 | 8 |
| Factory Noise Pollution | 1 | 0 | 0 | 0 |
| Nuisance due to Masala Mills/ Flour Mills | 7 | 16 | 11 | -31 |
| Total complaints | 135 | 220 | 215 | -2 |

- Despite 2017 overall having a worse average Air Quality Index than 2016, 'Air Pollution' complaints have almost remained steady from 2016 (153 complaints) to 2017 (149 complaints).
- Complaints related to "Pollution due to Chemical Effluents has increased by 67% from 2015 (33 complaints) to 2017 (55 complaints).

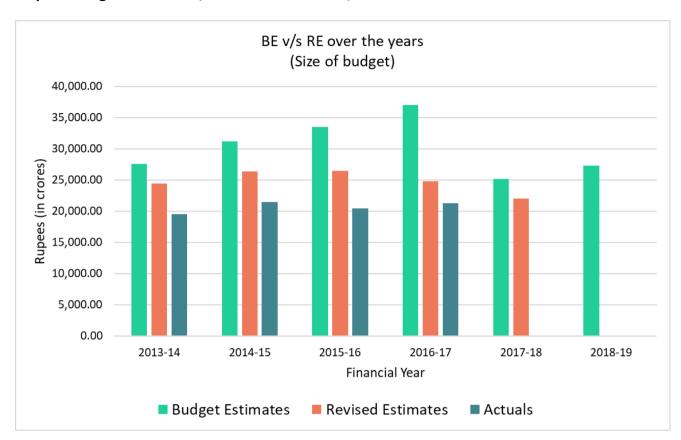

Table 60: Tree Census data

| WARD | Area in Sq.km. | 2013-14 | 2014-15 | 2015-16 | 2016-17 |
|-------|----------------|-----------|-----------|-----------|-----------|

| L | 15.68 | 1,21,075 | 67,758 | 6,76,758 | 67,758 |
| M/E | 33.08 | 83,862 | 92,445 | 1,51,949 | 1,62,638 |
| M/W | 17.4 | 1,44,790 | 1,05,631 | 2,13,084 | 2,13,084 |
| N | 25.96 | 67,828 | 80,483 | 2,86,894 | 2,92,965 |
| P/N | 46.72 | 67,758 | 2,58,045 | 2,84,271 | 1,86,002 |
| P/S | 25.19 | 84,510 | 1,59,649 | 1,79,452 | 2,84,271 |
| R/C | 48.03 | 1,05,631 | 67,808 | 67,808 | 1,44,790 |
| R/N | 14.18 | 80,483 | 84,510 | 84,510 | 67,808 |
| R/S | 18.31 | 92,445 | 1,44,790 | 1,44,790 | 84,510 |
| S | 29.75 | 1,59,217 | 1,59,217 | 2,48,116 | 2,54,038 |
| Т | 42.88 | 84,187 | 84,187 | 84,187 | 84,187 |
| Total | 458.53 | 19,17,844 | 24,11,508 | 35,98,354 | 31,06,868 |

- The number of trees have almost doubled from 2013-14 to 2015-16 in A (99%), F/S (124%) and G/N (106%) wards.
- In N ward, the number of trees have increased by 256% in 2015-2016 as compared to 2014-2015.
- In T ward, the number trees remained the same since 2013-2014 i.e. 84,187.

Section VII: Analysis of Municipal Commissioner's Budget Speech of 2018-19 relating to Civic Issues¹⁶

Graph 8: Budget Estimates v/s Revised Estimates v/s Actuals

- On an average, there was a 19% reduction from Budget Estimates to Revised Estimates from 2013-14 to 2017-18.
- There was a 33% reduction from Budget Estimates to Revised Estimates in 2016-17. This means that one-third of the Budget Estimates were slashed in the Revised Estimates.
- There is a big gap between Budget Estimates and Actuals, and Actuals are always invariably lower than Revised Estimates.

¹⁶ All figures are in crores unless specified otherwise. All figures have been taken from the Municipal Commissioner's speeches from 2014-15 to 2018-19, available on their website : <u>www.mcgm.gov.in</u>. 'Actuals' figures have been taken from the 'Income and Expenditure' section from the Annual Accounts tab on the MCGM website.

Revenue v/s Capital Expenditure

| | Reve | enue Expenditure | |
|---------|------------------|-------------------|------------------|
| | Budget Estimates | Revised Estimates | Reduction (in %) |
| 2014-15 | 20,120.73 | 18,966.61 | 6% |
| 2015-16 | 21,675.41 | 18,617.32 | 14% |
| 2016-17 | 24,172.71 | 18,573.69 | 23% |
| 2017-18 | 17,011.83 | 15,866.07 | 7% |
| 2018-19 | 17,723.25 | - | - |

Table 61: Reduction in Budget Estimates in Revenue Expenditure

Table 62: Reduction in Budget Estimates in Capital Expenditure

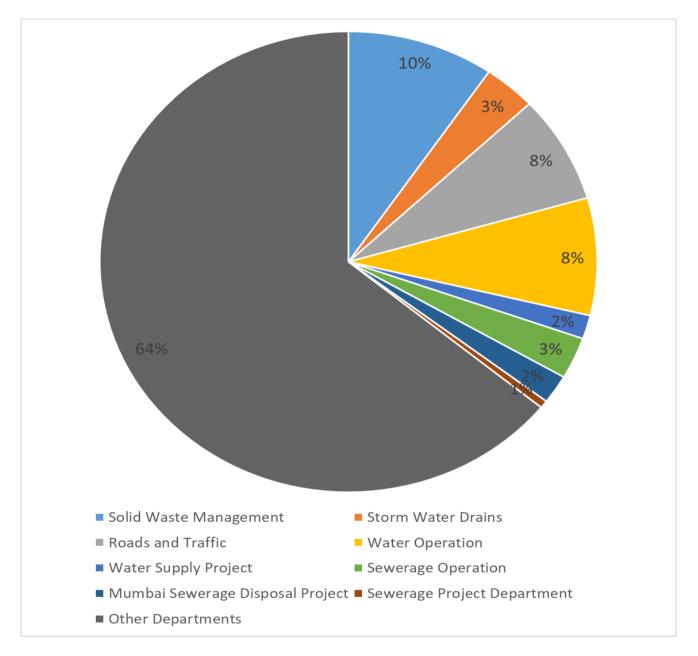

| | Capit | al Expenditure | |
|---------|------------------|-------------------|------------------|
| | Budget Estimates | Revised Estimates | Reduction (in %) |
| 2014-15 | 11,051.69 | 7,348.08 | 34% |
| 2015-16 | 11,836.00 | 7,630.60 | 36% |
| 2016-17 | 12,874.78 | 5399.67 | 58% |
| 2017-18 | 8,127.08 | 6,111.07 | 25% |
| 2018-19 | 9,527.8 | - | - |

Table 63: Budgetary Allocation of Departments related to Civic Issues

| Demonstructure | Dudaat |
|----------------------------------|----------|
| Department | Budget |
| Solid Waste Management | 2,605.86 |
| Storm Water Drains | 928.88 |
| Roads and Traffic | 2,058.92 |
| Water Operation | 2,244.33 |
| Water Supply Project | 452.78 |
| Sewerage Operation | 797.64 |
| Mumbai Sewerage Disposal Project | 548.67 |
| Sewerage Project Department | 146.59 |

Graph 9: Share of departments in the Budget of FY 2018-19

- Departments of Solid Waste Management, Storm Water Drainage, Water Operations, Roads & Traffic, Water Supply Project, Sewerage Operation, Mumbai Sewerage Disposal Project, Sewerage Project account for 36% of the total budget allocation.
- Solid Waste Management Department has been allocated 10% of the total budget, whereas Roads & Traffic and Water Operations Departments have been allocated 8% of the total budget each.
- Despite most number of complaints in 2017 being related to 'Drainage' issues, Departments of Storm Water Drainage, Sewerage Operation, Mumbai Sewerage Disposal Project and Sewerage Project **together** account for 9% of the total budget.

Under-utilisation of Departmental Budgets

Note: 'RE' stands for Revenue Expenditure and 'CE' stands for Capital Expenditure

Table 64: Roads, Traffic Operations & Bridges

| Financial Year | | Budget Estimates | | | Actuals | | | Percentage Utilised | | |
|----------------|-----|------------------|-------|-----|---------|-------|------|---------------------|-------|--|
| | RE | CE | Total | RE | CE | Total | RE | CE | Total | |
| 2014-15 | 652 | 2,831 | 3,483 | 892 | 2,137 | 3,028 | 137% | 75% | 87% | |
| 2015-16 | 688 | 3,858 | 4,546 | 871 | 1,894 | 2,765 | 127% | 49% | 61% | |
| 2016-17 | 705 | 4,479 | 5,184 | 858 | 549 | 1,406 | 122% | 12% | 27% | |
| 2017-18* | 806 | 2,480 | 3,286 | - | - | - | - | - | - | |
| 2018-19* | 848 | 3,270 | 4,118 | - | - | - | - | - | - | |

* - includes Coastal Road Project

Inference:

• In 2016-17, 73% of the Budget Estimates (overall) of Roads & Traffic Department were un-utilised.

Table 65: Storm Water Drains Department

| Financial Year | Budget Estimates | | | Actuals | | | Percentage Utilised | | | |
|----------------|------------------|-------|-------|---------|-----|-------|---------------------|-----|-------|--|
| | RE | CE | Total | RE | CE | Total | RE | CE | Total | |
| 2014-15 | 337 | 1,121 | 1,458 | 432 | 657 | 1,089 | 128% | 59% | 75% | |
| 2015-16 | 329 | 1,098 | 1,426 | 346 | 402 | 748 | 105% | 37% | 52% | |
| 2016-17 | 410 | 999 | 1,408 | 440 | 469 | 909 | 107% | 47% | 65% | |
| 2017-18 | 369 | 475 | 844 | - | - | - | - | - | _ | |
| 2018-19 | 363 | 566 | 929 | - | - | - | - | - | - | |

Inference:

• Despite the dire flooding crisis in Mumbai, almost half (48%) of Budget Estimates in Storm Water Drainage Department were unutilised in 2015-16.

Table 66: 'G' Budget (Water & Sewerage Operations)

| Financial Year | Budget Estimates | | Actuals RE CE Total | | | Percentage Unutilised RE CE Total | | | |
|----------------|------------------|-------|------------------------|-------|-------|---|------|-----|-------|
| | NE | CE | TULAI | NE | LE | TULAI | NE | CE | TULAI |
| 2014-15 | 3,245 | 2,881 | 6,127 | 2,059 | 1,136 | 3,195 | 63% | 39% | 52% |

| 2016-17 | 3,328 | 2,559 | 5,887 | 4,038 | 942 | 4,980 | 121% | 37% | 85% |
| 2017-18 | 3,215 | 1,611 | 4,826 | - | - | - | - | - | - |
| 2018-19 | 3,513 | 1,787 | 5,300 | - | - | - | - | - | - |

Table 67: Solid Waste Management & Transport

| | Budget Estimates | | | | Actuals | 5 | Percentage Utilised | | | |
|----------|------------------|-----|-------|-------|---------|-------|---------------------|-----|-----|--|
| | RE | CE | Total | RE | CE | Total | RE | | | |
| 2014-15 | 2,144 | 486 | 2,630 | 1,686 | 76 | 1,762 | 79% | 16% | 67% | |
| 2015-16 | 2,227 | 418 | 2,645 | 1,806 | 66 | 1,872 | 81% | 16% | 71% | |
| 2016-17 | 2,458 | 394 | 2,852 | 1,944 | 124 | 2,069 | 79% | 32% | 73% | |
| 2017-18 | 2,247 | 359 | 2,606 | - | - | - | - | - | - | |
| 2018-19* | 2,456 | 510 | 2,966 | - | - | - | - | - | - | |

* - Includes Slum Sanitation Programme (SSP)

- The Solid Waste Management Department of the MCGM is highly respected since it picks up large quantities (7100 Metric Tonnes per day, according to the Municipal Commissioner's speech) of waste with limited resources.
- Lack of utilisation, however, plagues this department as well. On an average across three years from 2014-15 to 2016-17, the percentage of unutilised budgetary allocation was 30%.

What needs to be done?

An Open Dashboard – Monitoring and evaluating complaints

- Data relating to complaints have been obtained by Praja Foundation through the RTI Act, from the Central Complaint Registration System (CCRS). This data should be made openly available to the citizens on the website in the form of a dashboard, so that the citizens, too, are aware of the issues that plague their city.
- This dashboard can be a simple forum for retrieving data relating to complaints registered by the citizens.
- Not only will this dashboard help citizens view complaints under the MCGM, it will also allow elected representatives and administration officials in monitoring and evaluating the corporation's performance on a real-time basis.
- This move will also be a first in a step towards Open Government Data.

Councillor Code – Greater accountability in addressing complaints

- The administration needs to be held accountable and answerable to the elected representatives and by extension, the citizens, in terms of complaints redressal. A way of doing that is by pin-pointing the department/official.
- While solving complaints the engineer concerned has to mention the councillor name (code) for each complaint, based on the constituency that the complaint belongs to. This is mandatory and should be filled out rigorously. In 2017, the councillor code was not filled in 77% of the cases. A greater emphasis needs to be on filling in the councillor code when complaints are registered.
- This will ensure that the complaints are compartmentalised and responsibility is pinned on a specific source responsible for solving the citizens' problems.
- This will also address the lack of accountability in the working of the civic body.

Citizen Feedback – Gauging citizens' happiness with the solution to their problem

- An essential for an efficient complaint system is citizen feedback which is missing currently and needs to be bought in through complaint audits.
- There exists no mechanism currently which takes in feedback from the citizens after a complaint is closed by the corporation.

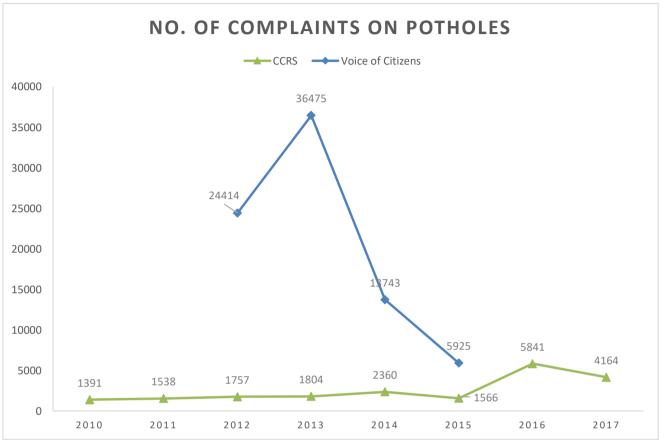

Budgeting process – A budget prepared by the elected

- The national and state budgets are prepared and presented by their respective finance ministers, both of who fall in the deliberative (elected) wing of governments.
- At the city level, however, the budget is prepared and presented by the Municipal Commissioner, a bureaucrat and an unelected executive appointed by Chief Minister through the Urban Development Ministry.
- The elected bodies, namely the standing committee and the Corporation then just debate on it and make small modifications, following which the budget goes into effect for the financial year.
- This system is leading to a trend in which important projects are dropped without any explanation. It leads to a disconnect with the mandate given by the people, which in turn the only explanation for is a simple lack of accountability.
- This system also leads to chronic underutilisation of big budgets.
- Just like the 'power of the purse' at the national level is with the Lok Sabha, the elected House, the preparation and presentation of the budget should be a responsibility of the elected (deliberative) body of the Municipal Corporation of Greater Mumbai (MCGM).
- This will enhance transparency and accountability in the most important policy document of the year.
- Further, there needs to be a setting of some basic service-level benchmarks in terms of outcomes of the budget. A budget's core purpose is rendered moot if there is no outcome-based approach which encourages monitoring and tracking of the progress of spending.
- The MCGM needn't look far for inspiration, the Union Government has also started outcome based budgeting of schemes.

Annexure1

Graph 10: Status of Potholes' complaints with reference to Voice of Citizen Portal

Note: The above data presents the number of complaints registered on Central Complaint Registration System (CCRS) and MCGM's Portal (http://www.voiceofcitizen.com) of Pothole tracking software across the wards which was started in November 2011 and was stopped in November 2015

One of the problem with MCGM's complaint redressal mechanism is the lack of awareness among citizens about mechanisms to lodge complaints. In the year November 2011, the MCGM had taken a positive step towards bridging this information gap by launching the 'Voice of Citizens' app and promoting it. The data clearly shows a spurt in the number of complaints in the period immediately following the launch of this app. One cannot say that prior to 2012, roads were in significantly better condition. Rather, in 2012, citizens got to know and use a mechanism which was more user friendly. Subsequently, the number of complaints related to roads dropped again, as its promotion and later as the app was closed down. However, this short-lived experiment highlighted the fact that citizens can indeed participate actively in governance and provide feedback to authorities, if they are given the right forums to do so.

Table 68: Issues of Complaints included in Citizen's Charter

| Sr. No. | Complaint | To be resolved (in days) |
|---------|---|--------------------------|
| 1 | Drainage Chokes and Blockages | 1 |
| 2 | Overflowing drains or manholes | 1 |
| 3 | Odour (Foul Smell) from Drains | 1 |
| 4 | Replacement of Missing / Damaged Manhole | 1 |
| 5 | Raising of Manhole (except in Monsoon) | 7 |
| 6 | Cleaning of septic tank | 7 |
| 7 | Repairs to pipe sewers/main sewers | 7 |
| 8 | Contaminated Water Supply | 1 |
| 9 | Leaks in Water Lines | 7 |
| 10 | Shortage of Water Supply | 2 |
| 11 | Burst Water Main | 1 |
| 12 | Garbage not lifted - Co-authorised Point | 1 |
| 13 | Collection point not attended properly | 1 |
| 14 | Garbage lorry not reported for service/ Lorry not covered | 1 |
| 15 | Providing/removing/replacing dustbins | 8 |
| 16 | Sweeping of road | 1 |
| 17 | Removal of Dead Animals | 1 |
| 18 | No attendance at public toilets | 2 |

This report has been produced with the financial assistance of the European Union. The European Union is made up of 28 Member States who have decided to gradually link together their knowhow, resources and destinies. Together, during a period of enlargement of 50 years, they have built a zone of stability, democracy and sustainable development whilst maintaining cultural diversity, tolerance and individual freedoms. The European Union is committed to sharing its achievements and its values with countries and peoples beyond its borders.

The contents of this report are the sole responsibility of Praja Foundation and can under no circumstances be regarded as reflecting the position of the European Union
